

A photograph of a desert landscape at sunset. In the foreground, there are several cholla cacti with their characteristic segmented, branching forms. The ground is rocky and covered with sparse desert vegetation. In the background, a large, rugged mountain rises against a sky filled with soft, orange and yellow clouds. The overall scene is bathed in the warm, golden light of the setting sun.

Fighting their strong sexual urges, Jason and Vale must agree to contract with each other before they can consummate their passion. But for Vale, being with Jason means giving up his independence and placing his future in the hands of an untested alpha, as well as facing the scars of his own tumultuous past. He isn't sure it's worth it. But Jason isn't giving up his destined mate without a fight. This is a stand-alone gay romance novel, 118,000 words, with a strong HFN ending, as well as a well-crafted non-shifter omegaverse with alphas, betas, omegas, male pregnancy, heat, and knotting.
