events and unexplainable coincidences money that seems to come from nowhere a spontaneous idea that turns into a life

changing solution meeting our soulmate on a flight we weren't supposed to take or families being reunited by accident after years of separation. Often these coincidences are explained as being controlled by a higher power or pure chance. But for the first time since Carl Jung's work comes bold new research that explains scientifically how we can identify, understand, and perhaps even control the frequency of coincidences in our everyday lives. Bernard Beitman, a leading expert on Coincidence Studies, proposes a greater personal responsibility which depends partly upon newly discovered grid cells located in the brain near the hippocampus. But neuroscience cannot complete the entire puzzle, and in this fascinating guide, Beitman provides the missing piece. From analyzing true stories of synchronicity from around the globe and throughout history, he shares key personality characteristics and situational factors that contribute to the occurrence of meaningful coincidences in our lives. Where other books on coincidences tend to be theoretical, inspirational, or story collections only, Beitman's book is the first to provide a scientific understanding and practical ways in which readers can use them in their own lives. He reveals how to activate your observing self so you don't miss synchronistic moments, how serendipity can offer insights into solving problems or making difficult decisions, why stress activates meaningful coincidences, which states of mind impede our ability to experience synchronicity, how to interpret the meaning of a coincidence, why being attuned to coincidences is a learned skill, and how to hone your sensitivity.

A Handbook for Heretics John W. Sloat, 2009-09. A Handbook for Heretics discusses the differences between religion and the Kingdom of God. Many mainline churches resist the current reformation, a gradual movement away from traditional Christianity toward a vital spirituality. Its adherents are frequently labeled heretics when in fact they are actually the leading edge of a new spiritual age. They are discovering the much more which Jesus promised to tell us, such spiritual phenomena as out of body and near death experiences, pre-birth and post-death appearances, angel communication, and coincidental experiences. A Handbook for Heretics reconsiders some traditional Christian doctrines so as to broaden the church's view of spiritual reality. About the Author: John W. Sloat, a former Presbyterian minister, served churches in Pennsylvania and Ohio. He holds a B.A. from Denison University (1954), an M.Div. from Princeton Seminary (1957), and a Th.M. from Pittsburgh Seminary (1977). Previous books include *Lord Make Us One* (non-fiction, 1986) and *The Other Half* (fiction, 2001). Several of his sermons have been included in *Pulpit Digest*, a national preaching journal. He is married to Helen Burdick Sloat, a psychiatric nurse, and they have three children and eight grandchildren. A pianist and organist, Sloat also plays the French horn, is a scratch model builder, and leads spirituality groups.

The Divine Matrix Gregg Braden, 2008-01-01 The New York Times best selling author of *The God Code* and *Resilience from the Heart* Are the miracles that we see in the quantum world actually showing us our greatest possibilities rather than our scientific limits Could the spontaneous healing of disease an instant connection with everyone and everything and even time travel be our true heritage in the universe There is a place where all things begin the place of pure energy that simply is In this quantum incubator for reality everything is possible In 1944 Max Planck the father of quantum theory shocked the world by saying that this matrix is where the birth of stars the DNA of life and everything between originates Recent discoveries reveal dramatic evidence that Planck's matrix The Divine Matrix is real It is this missing link in our understanding that provides the container for the universe the bridge between our imagination and our reality and the mirror in our world for what we create in our beliefs To unleash the power of this matrix in our lives we must understand how it works and speak the language that it recognizes For more than 30 years Gregg Braden a former senior aerospace computer systems designer has searched for the understanding to do just that From the remote monasteries of Egypt Peru and Tibet to the forgotten texts that were edited by the early Christian church the secret of the Divine Matrix was left in the coded language of our most cherished traditions It is verified in today's science In this paradigm shattering book Gregg shares what he's found Through 20 keys of conscious creation we're shown how to translate the miracles of our imagination into what is real in our lives With easy to understand science and real life stories Gregg shows us that we're limited only by our beliefs and what we once believed is about to change
