Asia's Small Wild Cats B. J. Deming, 2020-05-21 Did you know that Asia has many small cats in addition to tigers leopards and other big cats You ll find them from coastal areas jungle cats and leopard cats up into the snowy heights of Mongolia where Manul the Pallas cat lives Are they like house cats How are they different Read this book and learn all about these beautiful little cats today An Introduction to the Ocelot and Margay and Other Rare Wild Cats Including Caracal, Clouded Leopard, Black Footed Cat, Fishing Cat and Iberian Lynx Colette Anderson, 2015-06-02 As a long time lover of domestic cats and a firm supporter of big cat conservation Colette Anderson started researching the Ocelot and Margay to gain a wider knowledge of the smaller wild cats She was surprised however to discover how few of the wild cat species around the world she was aware of She wanted to concentrate on the Ocelot and the Margay as the two species are closely related and can easily be mistaken for each other As she states they present fascinating contrasts in their response to their environment The Ocelot is a terrestrial animal while the Margay is an amazing arboreal athlete But then she was stunned to discover the Oncilla a cat not even photographed until 2005 One discovery led to another the Andean Cat Geoffroy s Cat the Jaguarundi Kodkod and Pampas Cat In no time I was looking at pictures of 32 small cat species scattered around the globe Some are well known and many are rare and difficult to study All however are anti social regardless of their small size highly reclusive and for the most part impervious to domestication a fact that makes their vulnerability to the pet trade all the more tragic Colette Anderson has brought together some facts concerning each of these and many more wild species from around the world as she feels each is worthy of our admiration and protection That is my major goal with this book In the end I hope your eyes will be opened to a whole new world of small wild cats To encourage the reader to get more involved there is a collection of conservation websites provided for although many are endangered all can be saved by the efforts of people genuinely interested in their preservation and protection Wild Cats of the World Mel Sunquist, Fiona Sunquist, 2017-05-15 Did you know that European royalty once used cheetahs to hunt deer or that caracals can capture birds by leaping six and a half feet straight up into the air from a standing start Have you ever wondered whether domestic cats really do land on their feet when they fall or how Canada lynx can stalk their prey in the winter without falling through the deep snow Wild Cats of the
