Small Community Foundation Of Democrat:

The Small Community Arthur E. Morgan, 2017-07-28 In this age of large cities mass culture and ever more massive events people must struggle against an overwhelming crowd of their own creations to maintain human integrity In this manual for human survival Arthur E Morgan offers a solution peaceful existence in the small primary community where more easily than anywhere else people can find a way to live well Ultimately striving to show that the small community is the lifeblood of civilization this volume examines the political organization membership economics health and ethics characteristics of small communities Like Rousseau before him Morgan observes that we have less control over our affairs than in the past In increasing our control of the natural environment human beings have built a social environment so out of scale that it becomes nearly impossible for people to maintain balance The struggle now is less with the natural order than with the social order and preserving human integrity against the plethora of our own creations is the core problem The need to rediscover elementary forms of human existence has been accelerated by the efficiencies of centralized control and mass persuasion In the face of this small communities or intimate groups become the primary pattern in which human beings must live if the good life is to be a realistic goal The timely nature of this volume has grown as the electronic displaces the mechanical as a moral rival to human community The Small Community, Foundation of Democratic Life Arthur Ernest Morgan, 1942 *Ventures in Social Interpretation* Henry Winthrop, 1968 *Americans Against the City* Steven Conn, 2014 It is a paradox of American life that we are a highly urbanized nation filled with people deeply ambivalent about urban life In this provocative and sweeping book historian Steven Conn explores the anti urban impulse across the 20th century and examines how those ideas have shaped the places Americans have lived and worked and how they have shaped the anti government politics of the New Right **Arthur Morgan** Aaron D. Purcell, 2014-11-28 On May 19 1933 President Franklin D Roosevelt announced the appointment of Arthur Morgan 1879 1975 a water control engineer and college president from Ohio as the chairman of the newly created Tennessee Valley Authority TVA With the eyes of the nation focused on the reform and recovery promised by the New Deal Morgan remained in the national spotlight for much of the 1930s in this thoughtful biography Aaron D Purcell re assesses Morgan s long life and career and provides the first detailed account of his post TVA activities As Purcell demonstrates Morgan embraced an alternative types of Progressive Era reform that was rooted in nineteenth century socialism an overlooked strain in American political thought Purcell Pinpoints Morgan s reading of Edward Bellamy s *Looking Backward* while a teenager as a watershed moment in the development of his vision for building modern American society He recounts Morgan s early successes as an engineer budding Progressive leader and educational reformer his presidency of Antioch College and his revolutionary but contentious tenure at the TVA After his dismissal from the TVA Morgan eventually published over a dozen books including a biography of Bellamy while supporting community building efforts across the globe Morgan retained many of his late nineteenth century beliefs including eugenics as part of

his societal vision His authoritarian administrative style and moral rigidity limited his ability of attract large numbers to his community based vision By presenting Morgan s life and career within the context of the larger social and cultural events of his day this revealing biographical study offers new insight into the achievements and motivations of an important but historically neglected American reformer Book jacket
