Sword Destroying Reincarnation Cheng XiaoQi, 2020-05-15 At the ends of the world there was the Azure Sky Continent For thousands of years there had been countless heroes in the Azure Sky Continent and legends were like sand He a swordsman who was supposed to be renowned throughout the world had accidentally gotten involved in the open rivalry between the two races after he had awakened the memories of his previous life and changed his appearance While he was struggling within the great powers he sharpened the sword in his hand and angrily swept it across the Six Unity broke through the blue sky and annihilated the cycle of reincarnation I always felt that the rivers and lakes were very deep but I didn t expect them to be so shallow that I couldn t drink them Biology of Termites Kumar Krishna, 2012-12-02 Biology of Termites Volume I presents the anatomical physiological biochemical and behavioral laboratory and field studies of termite species Although termites have been associated mainly with damage only less than 10% of the species have actually been recorded as pests obscuring their important ecological role in the breakdown of vegetative matter and their variety and complexity of structure physiology social behavior caste differentiation and regulation and other aspects of their biology After briefly describing the social organization classification and research history of termites the book discusses the external morphology of these species and the similarities and differences between the various groups and the different castes The subsequent chapters cover the internal anatomy of termites including their digestive physiology exocrine and endocrine glands reproductive and nervous systems and sense organs Other chapters deal with the social behavior and communication in the termites and the termite colonizing flights and associated activities. The book also examines caste differentiation in the three lower termite families namely Hodotermitidae Kalotermitidae and Rhinotermitidae This volume includes discussions on the rearing feeding and biochemistry of termites the radioisotopes for feeding studies and the moisture requirements for

termite survival The concluding chapters deal with the introduction or interception of termites by humans and their association with fungi as well as the relationships of termite hosts with termitophiles Termite biologists zoologists botanists ecologists behaviorists biochemists endocrinologists and economic entomologists will find this volume invaluable

Termites: Evolution, Sociality, Symbioses, Ecology Y. Abe, David Edward Bignell, T.
