Smart Talk for Achieving Your Potential Lou Tice, 1997-01-25 From the creator of the best selling video based curriculum Investment in Excellence used by over 10 million participants worldwide Smart Talk for Achieving Your Potential Louis E. Tice, 2005 Lou Tice has become one of the most highly respected educators in the world today His singular style of teaching taking the complex concepts and current research from the fields of cognitive psychology and social learning theory and making them easy to understand and even easier to use has brought him students from all over the globe In Smart Talk Lou condenses this learning to start you on your way to a fulfilled purposeful life The 7 Gears Between Cause & Effect Thomas Tolman, 2015-09-30 PREMIUM PAPERBACK COLOR EDITION Can you really sway opportunities and conditions in your favor Thomas Tolman says Yes you can This book illustrates where and how you can make quantum advances in reaching more of your goals Discover how The 7 Gears Between Cause and Effect will Enable you to develop the best version of yourself with a new upgraded internal operating system Give you the house advantage to leverage personal and business performance to a much more rewarding and fulfilling level Reveal the inner working gear factors between Cause and Effect so you can activate and align your true mental emotional spiritual capacity into life changing results Strengthen your confidence sharpen your awareness toward more opportunities build stronger more lasting personal and business relationships Tolman calls it the missing piece to first cousin Law of Attraction Activating any one of the gears will change your life using all 7 could be worth a fortune to you *Thriving in Recovery* Bob Reese PhD, 2017-08-25 Do you know who you are Most books regarding addiction focus on the importance of quitting Few books however address maintaining recovery much less thriving in recovery The 13th Step integrates Bob's personal story including his twenty five years in the NFL with research in the psychology of addiction recovery Bob posits that you can't thrive in recovery from addiction unless you know who you are To know who you are you need to recognize the insidious nature of addiction and the role dysfunctional relationships play in encouraging and enabling addiction and the way these dysfunctional relationships can undermine and sabotage recovery These realizations inform choices and healthy changes required for maintaining recovery Bob's curiosity experiences education and research into performance and positive psychology have enabled him to apply scientifically supported interventions and techniques to encourage the positive changes necessary to take the thirteenth step to thrive in recovery **IT Project Management: A Geek's Guide to Leadership** Byron A. Love, 2016-10-04 This book's author Byron Love admits proudly to being an IT geek However he had found that being an IT geek was limiting his career path and his effectiveness During a career of more than 31 years he has made the transition from geek to geek leader He hopes this book helps other geeks do the same This book addresses leadership issues in the IT industry to help IT practitioners lead from the lowest level Unlike other leadership books that provide a one size fits all approach to leadership this book focuses on the unique challenges that IT practitioners face IT project managers may manage processes and

technologies but people must be led The IT industry attracts people who think in logical ways analytical types who have a propensity to place more emphasis on tasks and technology than on people This has led to leadership challenges such as poor communication poor relationship management and poor stakeholder engagement Critical IT projects and programs have failed because IT leaders neglect the people component of people process and technology Communications skills are key to leadership This book features an in depth discussion of the communications cycle and emotional intelligence providing geek leaders with tools to improve their understanding of others and to help others understand them To transform a geek into a geek leader this book also discusses Self leadership skills so geek leaders know how to lead others by leading themselves first Followership and how to cultivate it among team members How a geek leader s ability to navigate disparate social styles leads to greater credibility and influence Integrating leadership into project management processes The book concludes with a case study to show how to put leadership principles and practices into action and how an IT geek can transform into an effective IT geek leader
