Kaye, a medical sociologist and a gerontologist and social worker, offer invaluable information in four parts. *Managing Our Lives* describes the actions men can take to stay healthy. Here is information about how to eat well, reduce stress, and stay active for better overall health. *Mind and Body* considers how physical health and state of mind are connected. It explores sleep, drug, and alcohol use, spirituality, and attitudes about appearance and explains how all of these factors affect mental health. *Bodily Health* examines how body systems function and what changes may occur as men age. It covers the body from head to toe and reviews how to manage chronic diseases such as cancer, diabetes, and heart conditions. *Living with Others* shows the importance of interacting with friends and family.
