Lucifer's Angel Zorro Csin,2023-02-17 Burned alive for a crime she didn t commit Adilene s story should have ended at the stake Instead Lucifer offered her a second chance In exchange for her voice he remade her turning her into a dark angel with the power to alter fate itself Drawn in by Lucifer s unnerving charm and desperate to reclaim a sense of purpose after the betrayal that led to her death Adilene accepts his offer But she soon learns that second chances come at a price A war is brewing in the shadows and not everyone welcomes her existence Among those determined to stop her is Fathi an unruly self righteous angel who sees her as an abomination Yet each time their paths cross something inside him wavers A strange pull A whisper of doubt And Adilene She feels it too But with Lucifer s ever watchful gaze upon her she dares not acknowledge it Lucifer warns her that Fathi is dangerous That trusting an angel is the same as inviting her own destruction But if that were true why does she hesitate Thrown into a battle between Heaven and Hell Adilene must decide Will she be Lucifer s loyal creation or will she carve her own destiny even if it leads to ruin

Household Horror Marc Olivier,2020-02-11 A scholar examines 14 everyday objects featured in horror films and how they manifest their power and speak to society s fears Take a tour of the house where a microwave killed a gremlin a typewriter made Jack a dull boy a sewing machine fashioned Carrie s prom dress and houseplants might kill you while you sleep In Household Horror Marc Olivier highlights the wonder fear and terrifying

dimension of objects in horror cinema Inspired by object oriented ontology and the nonhuman turn in philosophy Olivier places objects in film on par with humans arguing for example that a sleeper sofa is as much the star of *Sisters* as Margot Kidder that *The Exorcist* is about a possessed bed and that *Rosemary's Baby* is a conflict between herbal shakes and prenatal vitamins Household Horror reinvigorates horror film criticism by investigating the unfathomable being of objects as seemingly benign as remotes radiators refrigerators and dining tables Olivier questions what Hitchcock's *Psycho* tells us about shower curtains What can we learn from Freddie Krueger's greatest accomplice the mattress Room by room Olivier considers the dark side of fourteen household objects to demonstrate how the objects in these films manifest their own power and connect with specific cultural fears and concerns Provides a lively and highly original contribution to horror studies As a work on cinema it introduces the reader to films that may be less well known to casual fans and scholars more conspicuously it returns to horror staples gleefully reanimating works that one might otherwise assume had been critically done to death *Psycho* *The Exorcist* *The Shining* Allan Cameron University of Auckland
