Handbook of Research on Digital Tools for Writing Instruction in K-12

Settings Anderson, Rebecca S., Mims, Clif, 2014-04-30 More emphasis is being placed on writing instruction in K 12 schools than ever before With the growing number of digital tools in the classroom it is important that K 12 teachers learn how to use these tools to effectively teach writing in all content areas The Handbook of Research on Digital Tools for Writing Instruction in K 12 Settings will provide research about how students use digital tools to write both in and out of school settings as well as discuss issues and concerns related to the use of these learning methods This publication is beneficial to educators professionals and researchers working in the field of K 12 and teacher education Writing/Teaching Paul J.

Kameen, 2012-01-12 2001 CCCC Outstanding Book Award The vast majority of academic books are written from the scholar's position even those that primarily concern teaching Writing Teaching on the other hand is a book about teaching written from the position of the teacher As the title suggests Kameen's book is split into two halves yet both in different ways and through different discourses are derived from his work in the classroom and his own struggle with issues and problems all teachers of writing must face The first half is a series of essays originating from a graduate seminar Kameen taught with professor and poet Toi Derricotte in 1994 Included are essays Kameen wrote a selection of pieces written by other members of the group and a reflective postscript These essays combine personal narrative reflective meditation and critical inquiry all used as discourse to depict and examine the process of teaching The second half of the book contains essays on Plato's dialogues primarily Phaedrus and Protagoras as a means to interrogate the position of teacher through the lens of the most famous of Western pedagogues Socrates Here Socrates is used as a tool to examine and critique both Kameen's own teacherly identity and in a wider sense the set of cultural forces that prefigure the available positions for both teacher and student in contemporary education What unites both halves is the way Kameen approaches each the personal and the scholarly from his position as teacher The texts presented provide the occasion for a complex and nuanced meditation on the classroom as a legitimate arena for the production of knowledge and research Sure to be timely and controversial Writing Teaching will enter into the debate on whether to reconfigure the relationship between research and teaching currently taking place among teachers of composition cultural studies and rhetoric Compelling reading for teachers or those contemplating a career in the profession Resources in Education, 1999-04 Handbook of Research on Teaching Drew
