

## Providing Affordable Solar Energy

The Florida Municipal Solar Project is a partnership between the Florida Municipal Power Agency and its public power utilities. The first two solar sites came online in June 2010. Two additional solar farms are scheduled to come online by the end of 2024. When complete, the project will be one of the largest municipal-backed solar projects in the country, providing nearly 300 megawatts of clean, emission-free energy.
