Instructors considering this book for use in a course may request an examination copy here [Condemned for Love in Old Virginia: The Lynching of Arthur Jordan](#) James Hall,2023 When romance was met with murder Arthur Jordan and Elvira

Corder were young and unafraid but their love was doomed He was black she was white and this was Virginia in 1880 When Elvira became pregnant the couple fled Fauquier County to live in Maryland But her father found them and recruited neighbors to help kidnap them Four nights later a mob dragged Arthur from the county jail in Warrenton and lynched him Elvira taken to a hotel in Williamsport Maryland was never heard from again Stories of lynching are all too common in the postbellum South but this one tells a unique tale of a couple who were willing to sacrifice everything to be together and did Author Jim Hall tells a classic tale of forbidden love one of hope crushed by hate [Crime, Courtrooms and the Public Sphere in Britain, 1700-1850](#) David Lemmings,2016-05-13 Modern criminal courts are characteristically the domain of lawyers with trials conducted in an environment of formality and solemnity where facts are found and legal rules are

impartially applied to administer justice Recent historical scholarship has shown that in England lawyers only began to appear in ordinary criminal trials during the eighteenth century however and earlier trials often took place in an atmosphere of noise and disorder where the behaviour of the crowd significant body language meaningful looks and audible comment could influence decisively the decisions of jurors and judges This collection of essays considers this transition from early scenes of popular participation to the much more orderly and professional legal proceedings typical of the nineteenth century and links this with another important shift the mushroom growth of popular news and comment about trials and punishments which occurred from the later seventeenth century It hypothesizes that the popular participation which had been a feature of courtroom proceedings before the mid eighteenth century was not stifled by lawyerization but rather partly relocated to the public sphere of the press partly because of some changes connected with the work of the lawyers Ranging from the early 1700s to the mid nineteenth century and taking account of criminal justice proceedings in Scotland as well as England the

essays consider whether pamphlets newspapers ballads and crime fiction provided material for critical perceptions of criminal justice proceedings or alternatively helped to convey the official majesty intended to legitimize the law In so doing the volume opens up fascinating vistas upon the cultural history of Britain's legal system over the long eighteenth century
