*The Two Latin Cultures and the Foundation of Renaissance Humanism in Medieval Italy* Ronald G. Witt, 2012-03-19 This book traces the intellectual life of the Kingdom of Italy the area in which humanism began in the mid thirteenth century a century or more before exerting its influence on the rest of Europe Covering a period of over four and a half centuries this study offers the first integrated analysis of Latin writings produced in the area examining not only religious literary and legal texts Ronald G Witt characterizes the changes reflected in these Latin writings as products of the interaction of thought with economic political and religious tendencies in Italian society as well as with intellectual influences coming from abroad His research ultimately traces the early emergence of humanism in northern Italy in the mid thirteenth century to the precocious development of a lay intelligentsia in the region whose participation in the culture of Latin writing fostered the beginnings of the intellectual movement which would eventually revolutionize all of Europe

### **The Archpoet and Medieval Culture**

Peter Godman, 2014 This is the first monograph to be published about one of the most famous and least understood authors of the Latin Middle Ages We know him by the pseudonym of Archpoet Setting the Archpoet's world and works in their historical contexts Peter Godman argues that they provide insight into a brilliant counter culture of medieval Germany Its subtlest exponent did not indulge in literary play but refashioned the political social and religious roles available to a twelfth century thinker in order to create for himself and his patron an identity alternative to the norms of clerical conformity prevalent elsewhere in Europe At a time when Germans were being decried as backward barbarians he produced a manifesto of intellectual heterodoxy which wittily challenged the truth claims made by humourless moralists *The Archpoet and Medieval Culture* reconsiders the categories in which the literature of the Middle Ages is interpreted and suggests a less literal mode of reading the sources to historians

*The Birth and Growth of an Angevin Castellany* Peter Joseph Burkholder, 2000

### **Encyclopedia of Historians and Historical Writing**

Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

*The 'Other', Identity, and Memory in Early Medieval Italy* Luigi Andrea Bertoni, 2022-11-30 The political

fragmentation of Italy created by Charlemagne's conquest of a part of the Lombard Kingdom in 774 and the weakening of the

Byzantine Empire in the eighth and ninth centuries the conquest of Sicily by the Muslims in the ninth century and the Norman conquest of southern Italy in the second half of the eleventh century favored the creation of areas inhabited by persons with different ethnic religious and cultural background Moreover this period witnessed the increase in production of historical writing in different parts of Italy Taking advantage of these features this volume presents some case studies about the manner in which others were perceived what was known about them the role of identity and the use of the past in early medieval Italy ninth eleventh centuries focusing in particular on how early medieval Italian authors portrayed that period and were sometimes influenced by their own present in their reconstruction of the past The book will appeal to scholars and students of otherness identity and memory in early medieval Italy as well as all those interested in medieval Europe

**Jewish Muslims** David M. Freidenreich, 2023-01-10 Introduction Jewish Muslims Biblical Muslims Judaizing Muslims Anti Christian Muslims Afterword Rhetoric about Muslims and Jews today **Wonderful to Relate** Rachel

Koopmans, 2011-11-29 While the late Anglo Saxons rarely recorded saints posthumous miracles a shift occurred as monastic writers of the late eleventh and twelfth centuries started to preserve hundreds of the stories they had heard of healings acts of vengeance resurrections recoveries and other miraculous deeds effected by their local saints Indeed Rachel Koopmans contends the miracle collection quickly became a defining genre of high medieval English monastic culture Koopmans surveys more than seventy five collections and offers a new model for understanding how miracle stories were generated circulated and replicated She argues that orally exchanged narratives carried far more propagandistic power than those preserved in manuscripts stresses the literary and memorial roles of miracle collecting and traces changes in form and content as the focus of the collectors shifted from the stories told by religious colleagues to those told by lay visitors to their churches Wonderful to Relate highlights the importance of the two massive collections written by Benedict of Peterborough and William of Canterbury in the wake of the murder of Thomas Becket in 1170 Koopmans provides the first in depth examination of the creation and influence of the Becket compilations often deemed the greatest of all medieval miracle collections In a final section she ponders the decline of miracle collecting in the thirteenth century which occurred with the advent of formalized canonization procedures and theological means of engaging with the miraculous Medieval Islamic

Economic Thought S.M. Ghazanfar, 2004-06-02 This book is a collection of papers on the origins of economic thought discovered in the writings of some prominent Islamic scholars during the five centuries prior to the Latin Scholastics who include St Thomas Aquinas This period of time was labelled by Joseph Schumpeter as representing the great gap in economic history Unfortunately this gap is well embedded in most relevant literature However during this period the Islamic civilization was one of the most fertile grounds for intellectual developments in various disciplines including economics and this book attempts to fill that blind spot in the history of economic thought **Stephen and Matilda** Jim

Bradbury, 2011-10-21 Stephen s reign was one of the darkest periods of English history He had promised Henry I that he

would support the king's daughter Matilda as the rightful heir to the English throne but when Henry dies in December 1135 he broke his promise and quickly made himself king. Like many of the nobles he was unwilling to yield the crown to a woman. Civil wars and the battle for the English Crown dominated his reign and this fascinating book examines the conflict between Stephen and his cousin. The campaigns, battles and sieges of England's first civil war are explored including the two major battles at the Standard and Lincoln which show that Stephen always held more ground than his opponents and was mostly on the offensive. The two sides finally reached a compromise after 14 years with the Treaty of Wallingford. Stephen would rule unopposed until his death but the throne would then pass to Henry of Anjou, Matilda's son. Full of colourful characters this is a fascinating story of rivalry for the English throne which throws new light on a neglected aspect of Stephen's reign.
