The English Civil War Charles J Esdaile, 2024-08-30 Cavaliers and Roundheads are figures who appear in hundreds of English ghost stories In this innovative account Charles Esdaile argues that such tales are in reality folk memories of an episode of English history that was second only to the Black Death in terms of individual and collective suffering alike and further that they reveal important truths about the way in which the conflict was represented it is no surprise then to find that spectral Cavaliers are often romantic figures and revenant Roundheads grim ones full of menace Yet the book is no mere catalogue On the contrary rather than being discussed in a vacuum the tales of haunting are rather set within a detailed regional history of the conflicts of 1642-1651 of a sort that has never yet been attempted but is for all that badly needed
