Restless Travellers Antonio José Miralles Pérez, 2011-08-08 The first part of this book deals with Britain's imperial age its militants and its critics The selection of works generates a large field of debate explored using traditional or innovative approaches The 19th century is presented as a time for writers J E Aylmer E Marryat Norris G A Henty Conan Doyle who tell stories of Europeans venturing forth into uncivilised regions of the world where they meet other races But writers of a different outlook are also considered Before the twilight of Empire women were born in England Virginia Woolf and in Ireland Elizabeth Bowen who would use the ductile means of literature to narrate journeys into the female self instead of masculine tales set in distant lands The imperial experience is a subject of concern and reflection with special interest when authored by natives of former colonies such as Michael Ondaatje's Hindu Sirk hero in *The English Patient* and the Nigerian girls in some of Patience Agbabi's poems The idea of travelling into or out of the culture to which one apparently belongs and the contradictory feelings such an experience causes pervades the writer's mind and the ensuing narrative The second part can be regarded as a North American miscellany mostly devoted to the African culture although also dealing with European heritage In order to recognise Asian and South American influences as well authors such as Fred Wah Ariel Dorfman and Julia Alvarez have been included Black literature is represented by two 19th century writers Mary Ann Shadd and Martin R Delany who remind us of the fight against slavery and segregation and the path to equality Various 20th century writers Toni Morrison Ernest Gaines Harryette Mullen August Wilson address the African Americans quest for identity presented by some as a journey southwards away from the place of birth or an unsatisfactory life and in search of self knowledge in the land of their forefathers These journeys provide materials for different genres and tones enabling readers to examine the aspirations and fears of a community whose contribution to the history and literature of America has stimulated continuous study The two parts of the book are connected by the underlying discussion of essential conflicts that have occupied travellers traversing imperial spaces or experiencing foreign lands as well as travellers who instead of exotic adventures or romantic sojourns want to settle in a new country be accepted by a nation their ancestors did not know or exercise rights they were denied on their native soil

Popular Culture Values and the Arts Ray B. Browne, Lawrence A. Kreiser, Jr., 2014-01-10 In countries around the world the rise of class divisions and unbridled capitalism are changing the conventional definitions of art and esthetics Historically the philanthropy of the elite has played a leading role in supporting funding and distributing artistic works While such measures may be pure in intent many worry that private funding may be gentrifying the arts and creating a situation in which art will only be valued for its prestige or worse its price tag This collection of essays examines the current movement to democratize the arts and make the world of artistic endeavor open and accessible to all

Ariadne's Thread Anne Nenarokoff-Van Burek, 2013-04 Ariadne's Thread came from the need to tell stories of the amazing women in my family All of them born in Russia before the 1917 Revolution settled in France where they had to adapt to a life radically different from what they had known When their world collapsed they could either collapse with it or reinvent themselves These women taught me the art of survival resilience in adversity self reliance frugality Through them my grandmother my aunts my mother I learned lessons which are not taught in school values which have sustained me throughout my life These women's down to earth values have new relevance today in a world preoccupied by appearances and material gain By looking at my family's collective past I see clues for a better future If we want a better world we could do worse than turn to a few old fashioned values and work at putting them into practice The book is a tribute to the precious heritage I received from people who lived and loved fully and for whom everyday life was a celebration I hope they will inspire many **Self Culture for Young People: Music, the fine arts, and the drama** Andrew Sloan Draper, 1907

The Palgrave Handbook of Popular Culture as Philosophy Dean A. Kowalski, Chris Lay, Kimberly S. Trigger, 1987 The Children of Aataentsic is both a full scale ethnohistory of the Huron Indian confederacy and a far reaching study of the causes of its collapse under the impact of the Iroquois attacks of 1649 Drawing upon the archaeological context the ethnography presented by early explorers and missionaries and the recorded history of contact with Europeans Bruce Trigger traces the

Playwrights and Plagiarists in Early Modern England Laura J. Rosenthal, 2019-05-15 Passage of the first copyright law in 1710 marked a radical change in the perception of authorship According to Laura J Rosenthal the new construction of the author as the owner of literary property bore different consequences for women than for men for amateurs than for professionals and for playwrights than for other authors Rosenthal explores distinctions between legitimate and illegitimate forms of literary appropriation in drama from 1650 to 1730 In considering the alleged plagiarists Margaret Cavendish the Duchess of Newcastle Aphra Behn John Dryden Colley Cibber and Susanna Centlivre Rosenthal maintains that accusations had less to do with the degree of repetition in texts than with the gender of the authors and the cultural location of the plays Questions of literary property then became not just legal matters but part of a discourse aimed at conferring or withholding cultural authority Struggles over literary property must be seen in the context of competing conceptions of property in general Rosenthal asserts and she shows how both Filmerian and Lockean models gender the position of the owner Drawing on feminist theory and from scholarship in history philosophy and political science Rosenthal debates the relationship between women and property in modern England Gender and class she contends continue to influence judgments as to what stories a playwright can own or use as to whom critics praise as heirs to Shakespeare and Jonson and as to whom they damn as plagiarists

Ariadne's Thread Shekhinah Mountainwater, 2018-12-06 According to ancient myths the Goddess Ariadne fared poorly But is that simply the story the

Ancient Greeks wanted retold in their myths In *Ariadne's Thread* Shekhinah Mountainwater argues that reclaiming womanhood and seeking spiritual liberation from patriarchal limitations can change the world not by flipping the tables to a hierarchical matriarchy but in working toward a peaceful egalitarian sustainable society that embraces the traditionally feminine values of compassion and nurturing regardless of gender She looks carefully and with wisdom at the old stories and skillfully tugs the loose edges of old paradigms A pioneer of the Goddess feminist movement Mountainwater employs powerful archetypes and a feminist ethic of care to challenge our assumptions and draw us from the mundane into the mysterious in our own lives Considered a classic of women's spirituality and goddess worship *Ariadne's Thread* offers a magical path of discovery into the mysteries of the Goddess It includes detailed explorations of the Maiden Mother and Crone guiding the cycles of life as well as rituals to affirm our lunar and natural cycles in the world As the *Library Journal* writes this well written book encourages women to find their own spiritual path Offering her own thread to guide our labyrinth Mountainwater has illuminated a powerful poetic and joyful initiation
