examine Gadamer's biography the core of hermeneutical theory and the significance of his work for ethics aesthetics the social sciences and theology There is full consideration of Gadamer's appropriation of Hegel Heidegger and the Greeks as well as his relation to modernity critical theory and poststructuralism This revised edition includes several new chapters on aspects of Gadamer's work as well as updated chapters from the first edition and the most comprehensive bibliography of works by and about Gadamer available in the English language *Hermeneutical Approaches in Psychology of Religion*, 2025-02-10 Contemporary psychology is reviving with new vigor an interest in hermeneutics or the human science of interpretation After a period in which positivistic and statistical approaches have been dominant new methods are being explored Most of these focus on narrative cultural analysis embodiment and interdisciplinarity Because of its specific object of study psychology of religion has never been without an hermeneutical emphasis In this field of psychology scholarship these new directions are especially welcomed as they offer perspectives for research which attempts to interpret religion as a human phenomenon This volume presents hermeneutical psychological studies on religion which rely on both classical and contemporary approaches Dealing with topics like mysticism religious symbols life stories and mental health contributions to the volume draw on a variety of perspectives These range from psychoanalysis narrative psychology and feminism to perspectives drawn deep from the wellspring of interdisciplinary collaboration with anthropology and history

*Phenomenology, Interpretation, and Community* Lenore Langsdorf, Stephen H. Watson, E. Marya Bower, 1996-07-11 This book re-examines the relationship between phenomenology interpretation and the problem of community a topic that has been at the center of recent debates in Continental thought From the outset phenomenology was intimately connected with the issues of interpretation and community both by theoretical paradigm and substance Indeed Husserl sought to distinguish his own foundational investigations from others that stressed the interpretive and historical character of the rational or that contested such foundational enterprises out of a concern for the critique of ideology and the hermeneutics of suspicion He argued equally as stringently for the primacy of such theoretical issues over other studies such as ethics political theory or aesthetics that shaped the itinerary of philosophical inquiry In a similar manner the essays encountered here continue the debates that accompany the complex phenomenologies of post-Kantian Continental thought concerning the rational status of the self and its ambiguous relationship with the community and thus in turn the ambiguous relationship between the rational community civil society and the contested dynamics of its conceptualization and adjudication Because it considers these issues from several viewpoints including the legacy of German idealism and the discourses emerging from the Frankfurt School and contemporary post-structuralist thought this volume serves both as an introduction to Continental philosophy on these issues as well as a guide to the status of recent debates *A Psychology of Ultimate Concern* Hetty Zock, 2023-12-28

**The Specter of Relativism** Lawrence Kennedy Schmidt, Lawrence Schmidt, 1995 Specter of Relativism addresses the timely topic of relativism from the perspective of Gadamer's hermeneutics This collection of essays explores several of the

key issues in contemporary philosophy the nature of truth the model of conversation and the possibility of an ethics in postmodern conditions in the context of the work of Gadamer Although centered on Gadamer and including the first English translation of one of his essays the volume does not narrowly define or defend the approach of philosophical hermeneutics the contributors present a broad range of views in some cases championing a Gadamerian perspective in others challenging it

**Jürgen Habermas** Luca Corchia,2010      **Reality, Religion, and Passion** Jessica Frazier,2009-01-01 Radical doubt about the truths that govern life has posed a problem for thinkers in many different cultures and periods This study uncovers the solutions offered by a postmodern Western thinker Hans Georg Gadamer and an early modern Indian thinker Rupa Gosvami each of whom offers a renewed postskeptical vision of a revitalized life that is firmly rooted in the transcendental truths of reality

**The Idea of the Past** Leonard J. Lamm,1997-08 The advancement of psychoanalysis in America has reached an impasse Scientists are pitted against hermeneuticists theorists against practitioners and narrative truth against historical truth reflecting and refracting the role of the past in theory and therapy through a host of competing approaches Leonard Lamm argues against the impossible task of unifying psychoanalysis into a homogenous discourse proposing instead the acceptance of a pluralist model in which different modes of discourse are applicable and appropriate in different circumstances This innovative work sets out to unravel the opaque idea of the psychoanalytic past as expressed in countless theoretical voices from object relations to Lacanianism to ego psychology Dr Lamm redraws the map of American psychoanalytic argument and takes a fresh look at current debates on narrative truth metapsychology and the role of the past in psychoanalysis A thoughtful model emerges in which historical scientific and practical discourses and constructions of the past do not compose a hierarchy in psychoanalytic understanding Instead they are voices in a conversation in which they may differ without
