The Hand And The Horoscope:

The Hand and the Horoscope Fred Gettings, 1973 The Hand-book of Astrology Zadkiel, 1861 *The Hand-Book of Astrology; by which Every Question of the Future, on which the Mind is Anxious, May be Truly Answered*, 1861 The Hand Reveals Dylan Warren-Davis, 2021-03-31 Cheiromancy is the art of handreading in which all aspects of a person's hand are considered in order to gain an accurate picture of their inner nature. Cheiromancy is distinct from the fortune telling of palmistry. What has come down to us as palmistry today is a rather degenerate and effete form of this ancient discipline. The word cheiromancy comes from the Greek *chir* meaning hand and *manteia* meaning divination, literally meaning divination through the hand. *The Hand Reveals* is written as a practical guide to reading hands; it is not merely theoretical. As various points are described throughout the book, try to apply this knowledge at every opportunity to find confirmation of the ideas. There is a considerable amount of knowledge and information compressed into these pages, and even the most diligent student would have difficulty in digesting it in one reading. It is recommended that you refer back as often as necessary to go over the material you have read to allow your understanding of cheiromancy to grow gradually. Originally published in 1990, this edition has been revised and updated with new material. Words of Destiny Caterina Guenzi, 2021-03-01 Astrologers play an important role in Indian society, but there are very few studies on their social identity and professional practices. Based on extensive fieldwork carried out in the city of Banaras, *Words of Destiny* shows how the Brahmanical scholarly tradition of astral sciences, *jyoti shastra*, described in Sanskrit literature and taught at universities has been adapted and reformulated to meet the needs and questions of educated middle and upper classes in urban India. How to get a career promotion? How to choose the most suitable field of study for children? When is the best moment to move into a new house? The study of astrology challenges ready-made assumptions about the boundaries between science and superstition, rationality and magic. Rather than judging the validity of astrology as a knowledge system, Caterina Guenzi explores astrological counseling as a social practice and how it works from within for both astrologers and their clients. She examines the points of view of those who use astrology either as a way of earning their living or as a means through which to solve problems and make decisions, concluding that because astrology combines mathematical calculations and astronomical observations with ritual practices, it provides educated urban families with an idiom through which modern science and devotional Hinduism can be subsumed.

Your Destiny and Scientific Hand Analysis Yaschpaule, 1996 This book is designed to convince the healthy and scientifically minded sceptic that hand analysis is a science worthy of serious consideration. The laws of scientific hand analysis are presented here in a very simple manner and are amply illustrated by diagrams. This book is also intended for those who do not have the faintest concept of what hand analysis or astrology is all about, so that no previous knowledge is required for its understanding. At the same time, the subject of hand analysis has been comprehensively emphasized. As such, this book will be of interest to professional astrologers. In many Eastern countries, leading astrologers have a good knowledge of hand

analysis Where the horoscope does not give clear guidance on a particular aspect they consult the palms in order to obtain clarification The ideas put forward in this book are based on the Indian Western and Egyptian schools of hand analysis although the Indian system has been used the most The scientific rationale behind the wearing of particular gems in order to ward off evil planetary influences is also succinctly described Above all this is meant to be an eminently straightforward and practical work The sceptic has only to study his own palms to be pleasantly surprised at how accurately hand analysis reveals his own particular case

Baker,2014-04-04 Esoteric Astrology A New Astrology for a New Millennium Volume One The Signs Planets and Houses of the Horoscope This publication takes a new and revitalised look at astrology It is simple to understand yet remains a powerful tool capable of providing a solid foundation for the comprehension of this broad and magnificent subject This textbook like most of Dr Baker s printed books eBooks and DVDs enhances your studies via many charts lists tables and images over 100 in this one This major work is a very comprehensive introduction for those who want to study this subject in earnest and for the more advanced student it will serve as an essential reference manual In today s computer based world it is no longer necessary to spend hours calculating a horoscope when the most modest PCs can do it in seconds and with 100% accuracy Consequently the needless paraphernalia usually associated with learning astrology has been stripped away Emphasis is placed on the application of astrology to the unique problems of the modern world its use as a method of revealing purpose and meaning in life and ultimately as a key to the psychosynthesis of personality The horoscope is described in comprehensive detail with special attention given to the esoteric ruling planets of the zodiac signs which are more relevant than orthodox rulers in the charts of spiritually minded people The new rulers also accommodate the immense changes in external conditions and inner consciousness that have occurred in the last hundred years and are related to a new range of experience which the brain registers as the externa of the modern world The significance of karma is represented for it gives dramatic effect to our daily actions and the third factor of esoteric psychology lying beyond our understanding of heredity and environment is given full prominence This integrative and enriching work can be read alone as a fascinating introduction and foundation to the New Astrology or can be followed up with the author s extensive range of astrological books and video tapes audio lectures and the all embracing Dictionary of Astrology for the 21st Century Together they provide a complete system for the professional and novice alike containing efficient and extraordinary techniques of interpretation which have never been used before and which halve the time required to assimilate and practise astrology *The Hand* Lynn Van Praagh-Gratton,Brett Stephan
