The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933

Wenbin Ji

The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933:

The Heroic Earth David Thomas Murphy, 1997 In *The Heroic Earth* David T Murphy argues that geopolitical ideas were most dynamic and significant in Germany not during the Nazi era 1933-45 but in the democratic culture of the Weimar republic 1919-33. By helping to condition the German population to geopolitical ideas which emphasized revision of the Versailles settlement and enlarging Germany's living space geopolitics helped contribute to Nazi imperialism. From the defeat of Germany in 1918 until the rise of National Socialism in 1933 theories of geographical determinism enjoyed a broad currency in many fields of German public life. The ancient notion that environmental factors (climate, topography, resource distribution) shape society in significant ways was now applied in a radically determinist fashion to help Germans understand why they had lost the war and what they had to do to regain their place among the Great Powers. Under the rubric of *Geopolitik* politicians, teachers, writers, and others argued that the key to Germany's past and the hope for its future lay in understanding geography's determining impact upon races, cultures, states, and warfare. Theories of geographical determinism shaped German thinking about politics, race, science, education, aesthetics, and many other subjects on the eve of the Nazi era. Challenging traditional historiography, Murphy argues that geopolitics faded in importance after Adolf Hitler came to power.

Race and the Third Reich Christopher Hutton, 2005-12-02 *Race and the Third Reich* aims to set out the key concepts, debates, and controversies that marked the academic study of race in Nazi Germany. It looks in particular at the discipline of racial anthropology and its relationship to linguistics and human biology. Christopher Hutton identifies the central figures involved in the study of race during the Nazi regime and traces continuities and discontinuities between Nazism and the study of human diversity in the Western tradition. Whilst Nazi race theory is commonly associated with the idea of a superior Aryan race and with the idealization of the Nordic ideal of blond hair, blue eyes, and a long skull, Nazi race theorists in common with their colleagues outside Germany without exception denied the existence of an Aryan race. After 1935 official publications were at pains to stress that the term Aryan belonged to linguistics and was not a racial category at all. Under the influence of Mendelian genetics, racial anthropologists concluded that there was no necessary link between ideal physical appearance and ideal racial character. In the course of the Third Reich, racial anthropology was marginalized in favour of the rising science of human genetics. However, racial anthropologists played a key role in the crimes of the Nazi state by defining Jews and others as racial outsiders to be excluded at all costs from the body of the German Volk. Anyone studying the Third Reich or who is interested in race theory will find this a fascinating, informative, and accessible study. **Life, Earth, Colony**

Ian Klinke, 2023-08-23 *Life, Earth, Colony* explores the ideas, life, and historical significance of German zoologist-turned-geographer Friedrich Ratzel (1844-1904), famous for developing the foundations of geopolitical thought. Ratzel produced a remarkable body of work that revolutionized the study of space, movement, colonization, and war. He also served as a source of intellectual inspiration for national socialism, particularly through his *Lebensraum* (living space) concept, which understood all

life as being caught in an eternal struggle for space This book closely analyzes this radical conservative intellectual focusing on his often overlooked ethnography biogeography travel and creative writing and colonial activism as well as his more widely known political geography Life Earth Colony finds that there is an as yet unexplored necropolitical impulse at the heart of Ratzel's entire oeuvre a preoccupation with death and dying which had a profound impact on twentieth century history

Refugees and Population Transfer Management in Europe, 1914-1920s Kamil Ruszała, 2024-08-20 This book provides a comprehensive study of refugee movements and population transfers across Europe during the First World War and the early postwar period Drawing parallels with contemporary migration issues the book serves a social and educational purpose by highlighting Europe's history of migration and emphasizing the relevance of past experiences to current challenges It seeks to enhance understanding raise social awareness and contribute to the broader discourse on war refugeeism by applying historical insights to address contemporary migration crises The authors discuss how issues of refugee movements and population transfers were addressed in different contexts and reflect on refugees as both war induced migrants and political tools for authorities The book covers a range of topics including humanitarian systems during the war and the early postwar period refugee locations policy influence national issues self organization and aid for refugees as well as immigration control in time after bordering the postimperial Europe It also addresses the composition of populations in postwar reconstruction processes and its population dynamics This volume will be of value to those interested in modern European history social and political history

Contemporary Far-Right Thinkers and the Future of Liberal Democracy A. James McAdams, Alejandro Castrillon, 2021-09-26 This book is the first systematic analysis of the efforts of a broad range of contemporary far right thinkers to popularize their critiques of liberal democratic norms and institutions and make their ideas the subjects of sustained political and academic debate The book focuses on outspoken thinkers in western and eastern Europe Russia the United States Canada and Australia They include Alain de Benoist Guillaume Faye G tz Kubitschek Pat Buchanan Fr i Midjord Jason Jorjani contributors to the online magazine Quillette and the elusive personality known as the Bronze Age Pervert The book explores the diverse intellectual foundations of these thinkers positions the similarities and differences in their ideas and their prospects for influencing attitudes about democratic politics within their respective countries It examines diverse movements and schools of thought including the European New Right Paleoconservatism the Alt right Identitarianism White nationalism and antifeminism Providing a much needed global perspective this book will be of considerable interest to students and scholars of populism right wing extremism identity politics fascism racism and conservatism

The Great Interwar Crisis and the Collapse of Globalization R. Boyce, 2009-10-21 Challenging the standard narrative of Interwar International History this account establishes the causal relationship between the global political and economic crises of the period and offers a radically new look at the role of ideology racism and the leading liberal powers in the events between the First and Second World Wars

On Schmitt and Space Claudio Minca, Rory

Rowan,2015-07-24 This book represents the first comprehensive study of the influential German legal and political thinker Carl Schmitt's spatial thought offering the first systematic examination from a Geographic perspective of one of the most important political thinkers of the twentieth century It charts the development of Schmitt's spatial thinking from his early work on secularization and the emergence of the modern European state to his post war analysis of the spatial basis of global order and international law whilst situating his thought in relation to his changing biographical and intellectual context controversial involvement in Weimar politics and disastrous support for the Nazi regime It argues that spatial concepts play a crucial structural role throughout Schmitt's work from his well known analyses of sovereign power and states of exception to his often overlooked spatial history of modernity Locating a fundamental relationship between space and the political lies at the core of his thought The book explores the critical insight that Schmitt's spatial thought bears on some of the key political questions of the twentieth century whilst tracking his profound and enduring influence on key debates on sovereignty international relations war and the nature of world order at the start of the twenty first century **Capital, the State, and War**

Alexander Anievas,2014-04-11 The history of the modern social sciences can be seen as a series of attempts to confront the challenges of social disorder and revolution wrought by the international expansion of capitalist social relations Alexander Anievas focuses on one particularly significant aspect of this story the intersocietal or geosocial origins of the two world wars and more broadly the confluence of factors behind the Thirty Years Crisis between 1914 and 1945 Anievas presents the Thirty Years Crisis as a result of the development of global capitalism with all its destabilizing social and geopolitical consequences particularly the intertwined and co constitutive nature of imperial rivalries social revolutions and anti colonial struggles Building on the theory of uneven and combined development he unites geopolitical and sociological explanations into a single framework thereby circumventing the analytical stalemate between primacy of domestic politics and primacy of foreign policy approaches **Fascism and Political Theory**

Daniel Woodley,2009-09-17 Fascism and Political Theory offers both students and researchers a thematic analysis of fascism focusing on the structural and ideological links between fascism capitalism and modernity Intended as a critical discussion of the origins and development of fascist ideology each chapter deals with a core substantive issue in political theory relevant to the study of fascism and totalitarianism beginning with an assessment of the current state of debate The emphasis on formal ideology in contemporary Anglo American historiography has increased our awareness of the complexity and eclectic nature of fascist ideologies which challenge liberalism and social democracy Yet in too many recent works a programmatic or essentialist reading of fascist ideology as a secular religion is taken for granted while researchers remain preoccupied with the search for an elusive fascist minimum In this book Woodley emphasizes that many outstanding questions remain including the structural and ideological links between fascism and capitalism the social construction of fascist nationalism and the origins of fascist violence in European colonialism This volume consolidates the reader's theoretical understanding and provides the interdisciplinary

skills necessary to understand the concrete social economic and political conditions which generate and sustain fascism A timely critique of culturalist and revisionist approaches in fascism studies which provides a concise overview of theoretical debates between liberalism Marxism and poststructuralism this text will be of great interest to students of politics modern history and sociology

Territory, State and Nation Ragnar Björk, Thomas Lundén, 2021-08-13 Rudolf Kjell n regularly referred to as the father of geopolitics developed in the first decade of the twentieth century an analytical model for calculating the capabilities of great power states and promoting their interests in the international arena It was an ambitious intellectual project that sought to bring politics into the sphere of social science Bringing together experts on Kjell n from across the disciplines Territory State and Nation explores the century long international impact analytical model and historical theories of a figure immensely influential in his time who is curiously little known today

German Elementary Education from 1890 to 1945 Katharine Kennedy, 2025-09-01 In this innovative analysis of German elementary education Katharine Kennedy uses textbooks curricula and pedagogical texts to trace continuities and changes in the lessons taught in the elementary schools of Wilhelmine Weimar and Nazi Germany Children in all three periods were exposed to recurring texts that reinforced attachment to God region and fatherland However they also encountered evolving symbols of the nation and shifting ideas about the identity of Germany and the German people By blending lessons on Hitler race and heredity with traditional narratives Nazi education conveyed its ideology under the cloak of virtue patriotism and normality It provides a compelling example of how a dictatorship manipulates religion and tradition to legitimize a brutal lawless and racist regime

Global Population Alison Bashford, 2014-02-11 Concern about the size of the world s population did not begin with the Baby Boomers Overpopulation as a conceptual problem originated after World War I and was understood as an issue with far reaching ecological agricultural economic and geopolitical consequences This study traces the idea of a world population problem as it developed from the 1920s through the 1950s long before the late 1960s notion of a postwar population bomb Drawing on international conference transcripts the volume reconstructs the twentieth century discourse on population as an international issue concerned with migration colonial expansion sovereignty and globalization It connects the genealogy of population discourse to the rise of economically and demographically defined global regions the characterization of civilizations with different standards of living global attitudes toward development and first and third world designations

Geopolitics Bert Chapman, 2011-04-07 This concise introduction to the growth and evolution of geopolitics as a discipline includes biographical information on its leading historical and contemporary practitioners and detailed analysis of its literature An important book on a topic that has been neglected for too long Geopolitics A Guide to the Issues will provide readers with an enhanced understanding of how geography influences personal national and international economics politics and security The work begins with the history of geopolitics from the late 19th century to the present then discusses the intellectual renaissance the discipline is experiencing today due to the prevalence of international security threats involving

territorial airborne space based and waterborne possession and acquisition The book emphasizes current and emerging international geopolitical trends examining how the U S and other countries including Australia Brazil China India and Russia are integrating geopolitics into national security planning It profiles international geopolitical scholars and their work and it analyzes emerging academic military and governmental literature including gray literature and social networking technologies such as blogs and Twitter

Fragmentation in East Central Europe Klaus Richter, 2020-04-02 The First World War led to a radical reshaping of Europe s political borders Nowhere was this transformation more profound than in East Central Europe where the collapse of imperial rule led to the emergence of a series of new states New borders intersected centuries old networks of commercial cultural and social exchange The new states had to face the challenges posed by territorial fragmentation and at the same time establish durable state structures within an international order that viewed them as at best weak and at worst as merely provisional entities that would sooner or later be reintegrated into their larger neighbours territory Fragmentation in East Central Europe challenges the traditional view that the emergence of these states was the product of a radical rupture that naturally led from defunct empires to nation states Using the example of Poland and the Baltic States it retraces the roots of the interwar states of East Central Europe of their policies economic developments and of their conflicts back to the First World War At the same time it shows that these states learned to harness the dynamics caused by territorial fragmentation thus forever changing our understanding of what modern states can do

Empire in the Heimat Willeke Sandler, 2018-08-09 With the end of the First World War Germany became a post colonial power The Treaty of Versailles in 1919 transformed Germany s overseas colonies in Africa and the Pacific into League of Nations Mandates administered by other powers Yet a number of Germans rejected this post colonial status arguing instead that Germany was simply an interrupted colonial power and would soon reclaim these territories With the Nazi seizure of power in 1933 irredentism seemed once again on the agenda and these colonialist advocates actively and loudly promoted their colonial cause in the Third Reich Examining the domestic activities of these colonialist lobbying organizations *Empire in the Heimat* demonstrates the continued place of overseas colonialism in shaping German national identity after the end of formal empire In the Third Reich the *Deutsche Kolonialgesellschaft* and the *Reichskolonialbund* framed Germans as having a particular aptitude for colonialism and the overseas territories as a German Heimat As such they sought to give overseas colonialism renewed meaning for both the present and the future of Nazi Germany They brought this message to the German public through countless publications exhibitions rallies lectures photographs and posters Their public activities were met with a mix of occasional support ambivalence or even outright opposition from some Nazi officials who privileged the Nazi regime s European territorial goals over colonialists overseas goals Colonialists ability to navigate this obstruction and intervention reveals both the limitations and the spaces available in the public sphere under Nazism for such special interest discourses

Doing Medicine Together Susan Gross Solomon, 2006-01-01 Analyzes aspects of the

German Russian collaboration often overlooked by students of cross national science including the choice of friends across borders the activities of scientific entrepreneurs the tensions between bi lateral and international science and the migration of scientists Of the many interwar connections between Germany and Russia one of the most unusual and least explored is medicine and public health Between 1922 and 1932 with high level political support and government funding Soviet and German physicians and public health specialists collaborated in joint research expeditions published joint articles launched a bi lingual journal and established joint research institutions Surprisingly students of Soviet German relations have all but ignored this medical collaboration while historians of science have treated it as political history an exercise in cultural diplomacy designed to mitigate the impact of the post war exclusion of both nations from the international science The contributors to this volume who come from Germany Russia Britain the United States and Canada depart from the traditional approach to the subject Drawing on previously inaccessible archival materials the authors move beyond politics to examine the impact of this collaboration on scientific activity

The Oxford Handbook of Environmental History Andrew C. Isenberg, 2017 The Oxford Handbook of Environmental History draws on a wealth of new scholarship to offer diverse perspectives on the state of the field

The Impossible Border Annemarie H. Sammartino, 2014-03-17 Between 1914 and 1922 millions of Europeans left their homes as a result of war postwar settlements and revolution After 1918 the immense movement of people across Germany's eastern border posed a sharp challenge to the new Weimar Republic Ethnic Germans flooded over the border from the new Polish state Russian migrants poured into the German capital and East European Jews sought protection in Germany from the upheaval in their homelands Nor was the movement in one direction only German Freikorps sought to found a soldiers colony in Latvia and a group of German socialists planned to settle in a Soviet factory town In *The Impossible Border* Annemarie H. Sammartino explores these waves of migration and their consequences for Germany Migration became a flashpoint for such controversies as the relative importance of ethnic and cultural belonging the interaction of nationalism and political ideologies and whether or not Germany could serve as a place of refuge for those seeking asylum Sammartino shows the significance of migration for understanding the difficulties confronting the Weimar Republic and the growing appeal of political extremism Sammartino demonstrates that the moderation of the state in confronting migration was not merely by default but also by design However the ability of a republican nation state to control its borders became a barometer for its overall success or failure Meanwhile debates about migration were a forum for political extremists to develop increasingly radical understandings of the relationship between the state its citizens and its frontiers The widespread conviction that the democratic republic could not control its impossible Eastern borders fostered the ideologies of those on the radical right who sought to resolve the issue by force and for all time

Eurasia 2.0 Mark Bassin, Mikhail Suslov, 2016-03-17 This book discusses the return of geopolitical ideas and doctrines to the post Soviet space with special focus on the new phenomenon of digital geopolitics which is an overarching term for different political practices

including dissemination of geopolitical ideas online using the internet by political figures and diplomats for legitimation and outreach activity and viral spread of geopolitical memes Different chapters explore the new possibilities and threats associated with this digitalization of geopolitical knowledge and practice Our authors consider new spatial sensibilities and new identities of global as well as local Selves the emergence of which is facilitated by the internet They explore recent reconfigurations of the traditional imperial conundrum of center versus periphery Developing Manuel Castells argument that social activism in the digital era is organized around cultural values the essays discuss new geopolitical ideologies which aim to reinforce Russia s spiritual sovereignty as a unique civilization while at the same time seeking to rebrand Russia as a greater soft power by utilizing the Russian speaking diaspora or employing traditionalist rhetoric Great Power imagery enemy making and visual mappings of Russia s future territorial expansion are traditional means for the manipulation of imperial pleasures and geopolitical fears In the age of new media however this is being done with greater subtlety by mobilizing the grassroots contracting private information channels and de politicizing geopolitics Given the political events of recent years it is logical that the Ukrainian crisis should provide the thematic backdrop for most of the authors *Hitler and Nazi Germany* Jackson J. Spielvogel, 2016-09-16 This text is based on current research findings and is written for students and general readers who want a deeper understanding of this period in German history It provides a balanced approach in examining Hitler s role in the history of the Third Reich and includes coverage of the economic social and political forces that made the rise and growth of Nazism possible the institutional cultural and social life of the Third Reich the Second World War and the Holocaust

The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 Introduction

The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 Offers a diverse range of free eBooks across various genres. The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933, especially related to The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 books or magazines might include. Look for these in online stores or libraries. Remember that while The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook

lending services. Many libraries have digital catalogs where you can borrow The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 eBooks, including some popular titles.

FAQs About The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 is one of the best book in our library for free trial. We provide copy of The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933. Where to download The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 online for free? Are you looking for The Heroic Earth Geopolitical Thought In Weimar Germany 1918 1933 PDF? This is definitely going to save you time and cash in something you should think about.
