**Unsettling America** C. Richard King, 2015-05 *Unsettling America* explores the cultural politics of Indianness in the 21st century. It concerns itself with representations of Native Americans in popular culture, the news media, and political debate, and the ways in which American Indians have interpreted, challenged, and reworked key ideas about them. It examines the means and meanings of competing uses and understandings of Indianness, unraveling their significance for broader understandings of race and racism, sovereignty and self-determination, and the possibilities of decolonization. To this end, it takes up four themes: false claims about or on Indianness that are distortions or ongoing stereotyping; claiming Indianness to advance the culture wars or how indigenous peoples have figured in post-9/11 political debates; making claims through metaphors and juxtaposition or the use of analogy to advance political movements or enhance social visibility and reclamations or exertion of cultural sovereignty. *Rebel Women of the West Coast* Rich Mole, 2011-01-31 Here are the stories of singularly courageous West Coast women: driven, obsessed, sometimes desperate people whose nonconformist beliefs and actions made them rebels in society's eyes. Many faced hardship and ridicule as they pursued their goals. In these vivid biographies, Rich Mole chronicles the lives of some of the most celebrated and controversial women in BC, Washington, and Oregon, including pioneer Catherine Schubert, who faced danger and starvation on her heroic journey west; ballot box rebel Abigail Scott Duniway, who endured poverty and scathing criticism during her fight for women's suffrage; Irene Bonnie Baird, who disguised herself as a nurse to write an exposé of their ordeals; Depression-era protesters; complex and contradictory doctor Bethenia Owens Adair, who broke gender barriers yet is also remembered for a more tragic legacy. By demanding equality and respect in lecture halls, shipyards, government assemblies, and operating theatres, these women helped shape the society we live in today. *Fools Crow* Fools Crow, Thomas E. Mails, D. Chief Eagle, 1990-01-01 Gathers the reminiscences of Frank Fools Crow, one of the most famous Sioux ceremonial chiefs of the twentieth century. **U.S. History, Grades 6 - 8** Lee, 2008-09-02 Bring history to life for students in grades 6 and up using *U.S. History: People and Events 1865-Present*. This 128-page book provides a full spectrum view of some of the most fascinating and influential lives and occurrences in U.S. history. It features biographical sketches and overviews from the end of the Civil War through Reconstruction, two world wars, and the Civil Rights movement up to the present. The book includes time lines and reinforcement questions and works perfectly as a full unit or classroom supplement. It supports NCSS standards and the National Standards for History. **Buffalo Man** Calvin C. Clawson, 2009-08-01 Set in the West of 1846, *Buffalo Man* is a love story between a young non-Mormon boy and a Mormon girl. Anna Sinclair is only fourteen years old when she leaves Nauvoo with her family for the trek west to the Great Salt Lake Valley. Wes Hamlin is a sixteen-year-old non-Mormon who is falsely accused of killing a Mormon. He runs from the law and hitches up with an old cantankerous mountain man, Crocker Sloan, who introduces him to trapping and living with the Lakota Indians. Over the next three years, the two youngsters experience

numerous adventures as they move west occasionally meeting and eventually falling in love Yet before their love can be realized Wes must establish his innocence and Anna must resist her family s desire for her to enter a polygamist marriage
