Sir Walter Scott The Man And Patriot:

Sir Walter Scott: the Man and Patriot Moray McLaren, 1970 Rebellion as Genre in the Novels of Scott, Dickens and Stevenson Anna Faktorovich, 2013-03-13 When three of Britain's best loved and best selling authors each publish at least two novels with a historical rebellion theme there might be an interesting pattern worth examining This is a long overdue study of the previously overlooked rebellion novel genre with a close look at the works of Sir Walter Scott *Waverley* and Rob Roy Charles Dickens *A Tale of Two Cities* and *Barnaby Rudge* and Robert Louis Stevenson *Kidnapped* and *The Young Chevalier* The linguistic and structural formulas that these novels share are presented along with a comparative study of how these authors individualized the genre to adjust it to their needs Scott Dickens and Stevenson were led to the rebellion genre by direct radical interests They used the tools of political literary propaganda to assist the poor disenfranchised and peripheral people with whom they identified and hoped to see free from oppression and poverty **Handbook of the British Novel in the Long Eighteenth Century** Katrin Berndt, Alessa Johns, 2022-07-18 The handbook offers a comprehensive introduction to the British novel in the long eighteenth century when this genre emerged to develop into the period's most versatile and popular literary form Part I features six systematic chapters that discuss literary intellectual socio economic and political contexts providing innovative approaches to issues such as sense and sentiment gender considerations formal characteristics economic history enlightened and radical concepts of citizenship and human rights ecological ramifications and Britain's growing global involvement Part II presents twenty five analytical chapters that attend to individual novels some canonical and others recently recovered These analyses engage the debates outlined in the systematic chapters undertaking in depth readings that both contextualize the works and draw on relevant criticism literary theory and cultural perspectives The handbook's breadth and depth clear presentation and lucid language make it attractive and accessible to scholar and student alike Shakespeare and Scotland Willy Maley, Andrew Murphy, 2018-07-30 Shakespeare and Scotland is a timely collection of new essays in which leading scholars on both sides of the Atlantic address a neglected national context for an exemplary body of dramatic work too often viewed within a narrow English milieu or against a broad British backdrop These essays explore from a variety of critical perspectives the playwright's place in Scotland and the place of Scotland in his work From critical reception to dramatic and cinematic adaptation the contributors engage with the complexity of Shakespeare's Scotland and Scotland's Shakespeare The influence of Scotland on Shakespeare's writing and later on his reception is set alongside the dramatic effects that Shakespeare's work had on the development of Scottish literature from the Globe to globalisation and from Captain Jamy and King James to radical productions at the Citizens Theatre in Glasgow *Imitation as Resistance* Raoul Granqvist, 1995 *Imitation as Resistance* also offers American perspectives on the individual reputations of a number of British writers and their specific works often down to the particular lines in plays and poems The reader whose interest is limited for example to the singular reputation of a Dickens novel or a Byron poem may find the book

functional for its broad bibliographical qualities For cultural studies students Americanists and others the book will demonstrate the complexity of cultural appropriation and the patterns of nineteenth century American resistance and harmonization Miscellaneous essays. Thought-coin from the ages. Compiled by W. Eunson William Eunson,1898 *How to Speak Effectively on the Platform, at the Meeting, in the Pulpit* Charles Seymour,1910 **The Romantic Movement**,1971 Widener Library Shelflist: English literature Harvard University. Library,1971 *A New Dictionary of the English and Dutch Language* Dirk Bomhoff,1832
