Sisterhood Is Global International Women:

Sisterhood is Global Robin Morgan, 1996 *Sisterhood Is Global* has been revered as the essential feminist text on the international women's movement since its first appearance when it was hailed as a historic publishing event. The anthology features original essays Morgan commissioned from a deliberately eclectic mix of women both famous and less known: grass roots activists, politicians, scholars, guerrillas, novelists, social scientists, and journalists representing seventy countries from every region and political system with particular emphasis on the Global South. These truth-telling, impassioned essays celebrate the diversity as well as the similarity of women's experience; they also reveal shared female rage, vision, and pragmatic strategies for worldwide feminist solidarity and political transformation. The first such international collection, *Sisterhood Is Global* became an instant classic and remains unequalled in its breadth and comprehensiveness. The book covers Afghanistan to Zimbabwe and includes moving essays from such distinguished writers as Marjorie Agosin (Chile), Ama Ata Aidoo (Ghana), Shulamit Aloni (Israel), Peggy Antrobus (Caribbean), Simone de Beauvoir (France), Lidia Falcon (Spain), Hema Goonatillake (Sri Lanka), Fatima Mernissi (Morocco), Nawal El Saadawi (Egypt), Ana Titkow (Poland), Marilyn Waring (New Zealand), and Xiao Lu (China). *Feminism Without Borders* Chandra Talpade Mohanty, 2003-02-28 Essays by a pioneering theorist of feminism, multiculturalism, and antiracism. **Cartographies of Diaspora** Avtar Brah, 2005-08-18 By addressing questions of culture, identity, and politics, *Cartographies of Diaspora* throws new light on discussions about difference and diversity informed by feminism and post-structuralism. It examines these themes by exploring the intersections of race, gender, class, sexuality, ethnicity, generation, and nationalism in different discourses, practices, and political contexts. The first three chapters map the emergence of Asian as a racialized category in post-war British popular and political discourse and state practices. It documents Asian cultural and political responses, paying particular attention to the role of gender and generation. The remaining six chapters analyse the debate on difference, diversity, and diaspora across different sites but mainly within feminism, anti-racism, and post-structuralism. **Global Critical Race Feminism** Adrienne Katherine Wing, 2000-05 An anthology containing some 30 essays which focus on topics including a critique of American feminist legal scholarship, motherhood and work in cultural context, Josephine Baker and the Cold War, the campaign against female circumcision, violence against Aboriginal women in Australia, and marketization and the status of women in China. Includes a foreword by social justice activist and professor at the U of California Santa Cruz, Angela Y. Davis.
