Jacket From the Plantation to the Prison Tara T. Green, 2008 According to George Jackson black men born in the US are conditioned to accept the inevitability of being imprisoned Being born a slave in a captive society and never experiencing any objective basis for expectation had the effect of preparing me for the progressively traumatic misfortune that led so many black men to the prison gate I was prepared for prison It required only minor psychic adjustments As Jackson writes from his prison cell his statement may seem to be only a product of his current status However history proves his point Indeed some of the most well known and respected black men have served time in jail or prison Among them are Martin Luther King Jr Malcolm X Marcus Garvey and Frederick Douglass This book is an examination of the various forms that imprisonment as a social historical and political experience of African Americans has taken Confinement describes the status of individuals who are placed within boundaries either seen or unseen but always felt A word that suggests extensive implications confinement describes the status of persons who are imprisoned and who are unjustly relegated to a social status that is hostile rendering them powerless and subject to the rules of the authorities Arguably confinement appropriately describes the status of African Americans who have endured spaces of confinement which include but are not limited to plantations Jim Crow societies and prisons At specific times these spaces of confinement have been used to oppress African Americans socially politically and spiritually Contributors examine the related experiences of Malcolm X Bigger Thomas of Native Son and Angela Davis

Lastly, part four concerns Black women and their ideas about public service, particularly military service, with essays on service members during World War II and the post-WWII military. Taken as a whole, *A Seat at the Table* is an important anthology that helps to establish the validity and existence of heretofore neglected intellectual traditions in the public square.

All Bound Up Together Martha S. Jones, 2007 The place of women's rights in African American public culture has been an enduring question, one that has long engaged activists, commentators, and scholars. *All Bound Up Together* explores the roles black women played in their communities, social movements, and the consequences of elevating women into positions of visibility and leadership. Martha Jones reveals how, through the nineteenth century, the woman question was at the core of movements against slavery and for civil rights. Unlike white women activists, who often created their own institutions separate from men, black women, Jones explains, often organized within already existing institutions: churches, political organizations, mutual aid societies, and schools. Covering three generations of black women activists, Jones demonstrates that their approach was not unanimous or monolithic but changed over time and took a variety of forms, from a woman's right to control her body to her right to vote. Through a far-ranging look at politics, church, and social life, Jones demonstrates how women have helped shape the course of black public culture.

Holy Boldness Susie C. Stanley, 2004-05 From its inception in the nineteenth century, the Wesleyan Holiness religious tradition has offered an alternative construction of gender and supported the equality of the sexes. In *Holy Boldness*, Susie C. Stanley provides a comprehensive analysis of spiritual autobiographies by thirty-four American Wesleyan Holiness women preachers published between the mid-nineteenth and mid-twentieth centuries. While a few of these women, primarily African Americans, have been added to the canon of American women's autobiography, Stanley argues for the expansion of the canon to incorporate the majority of the women in her study. She reveals how these empowered women carried out public ministries on behalf of evangelism and social justice. The defining doctrine of the Wesleyan Holiness tradition is the belief in sanctification or experiencing a state of holiness. Stanley's analysis illuminates how the concept of the sanctified self inspired women to break out of the narrow confines of the traditional women's sphere and engage in public ministries, from preaching at camp meetings and revivals to ministering in prisons and tenements. Moreover, as a result of the Wesleyan Holiness emphasis on experience as a valid source of theology, many women preachers turned to autobiography as a way to share their spiritual quest and religiously motivated activities with others. In such writings, these preachers focused on the events that shaped their spiritual growth and their calling to ministry, often giving only the barest details of their personal lives. Thus, *Holy Boldness* is not a collective biography of these women but rather an exploration of how sanctification influenced their evangelistic and social ministries. Using the tools of feminist theory and autobiographical analysis, in addition to historical and theological interpretation, Stanley traces a trajectory of Christian women's autobiographies and introduces many previously unknown spiritual autobiographies that will expand our understanding of Christian spirituality in nineteenth and twentieth

century America The Author Susie C Stanley is professor of historical theology at Messiah College She is the author of *Feminist Pillar of Fire The Life of Alma White* **The Autobiography of Daniel Parker, Frontier Universalist** Daniel Parker,2020-12-15 A vastly informative and rare early American pioneer autobiography rescued from obscurity In this remarkable memoir Daniel Parker 1781 1861 recorded both the details of everyday life and the extraordinary historical events he witnessed west of the Appalachian Mountains between 1790 and 1840 Once a humble traveling salesman for a line of newly invented clothes washing machines he became an outspoken advocate for abolition and education With his wife and son he founded Clermont Academy a racially integrated coeducational secondary school the first of its kind in Ohio However Parker s real vocation was as a self ordained itinerant preacher of his own brand of universal salvation Raised by Presbyterian parents he experienced a dramatic conversion to the Halcyon Church an alternative millenarian religious movement led by the enigmatic prophet Abel Sarjent in 1803 After parting ways with the Halcyonists he continued his own biblical and theological studies arriving at the universalist conclusions that he would eventually preach throughout the Ohio River Valley David Torbett has transcribed Parker s manuscript and publishes it here for the first time together with an introduction epilogue bibliography and extensive notes that enrich and contextualize this rare pioneer autobiography

Her Story Barbara J. MacHaffie, 2006 The Bible has been written translated and interpreted for centuries by men in cultures that were patriarchal In patriarchy women are

subordinated within the gradations of a hierarchical society Material on women therefore has often been misinterpreted or overlooked In some instances generic nouns and pronouns in the original languages have been translated into English as masculine words A careful textual study must be made using all the available tools of biblical scholarship An accurate understanding of the meaning of words must be sought Also readers must try to discern the intentions of the author and try to gain a knowledge of the historical and social background of the biblical material The demands of God must be distinguished from the demands of a particular culture The bible as a whole makes it clear that God s people are to bring justice and wholeness to all human beings the injunctions that degrade women do not provide principles valid for every age of Christianity but instead reflect cultural situations in which men related to women through dominance The standard for the Christian community today should be the glimmers of female dignity and leadership that shine through the pages of the Bible
