

Margaret  
Queen of Scotland

Mary  
Queen of France

# Sisters Of Henry Viii

**Ying-Ying Zheng**

## **Sisters Of Henry VIII:**

The Sisters of Henry VIII Hester W. Chapman, 1969      *The Sisters of Henry VIII: Margaret Tudor, Queen of Scotland (November 1489-October 1541), Mary Tudor, Queen of France and Duchess of Suffolk (March 1496-June 1533)* Hester W. Chapman, 1969      “*The*” *Sisters of Henry VIII*. Hester Wolferstan Chapman, 1969      **Margaret Tudor, Queen of Scots** Sarah-Beth Watkins, 2017-12 Margaret Tudor was Henry VIII's older sister and became the Queen of Scotland after her marriage to James IV in 1503. Her life was troubled and fraught with tension. She was continually caught between her country of birth and the country she ruled. After James IV's death, she made the disastrous decision to marry the Earl of Angus, threatening her regency and forcing the Scottish council to send for the Duke of Albany to rule in her stead. Over the years, Margaret's allegiance swung between England and Scotland, making her brother Henry VIII both her ally and her enemy at times. Although Margaret wished for peace between the two countries, these were tumultuous years, and she didn't always make the wisest choices. Yet all she did for her son James V and her absolute conviction he would rule Scotland as its rightful king.

**The Sisters of Henry VIII** Maria Perry, 1998 Focuses on the two sisters of Henry VIII, analyzing their influence on English and European history during the rise of the Tudor period.      The Sisters of Henry VIII Hester W. Chapman, 1969      Sisters to the King Maria Perry, 1998 Much has been written about Henry VIII and his six wives, but his sisters Margaret and Mary have had less of the limelight until Maria Perry in *Sisters to the King* examined their amazing lives and their influence on European history. This fascinating biography is now released in B format paperback. In the Tudor age, both Margaret and Mary were thought to be more important personalities than Henry's six wives. Margaret became Queen of Scotland at the age of thirteen. Mary, Henry's famously beautiful younger sister, was married off to the ageing king of France. Against convention, both chose their second husbands for love. Maria Perry wonderfully illuminates the characters of these two remarkable women in this engrossing study, as well as uncovering new evidence on other aspects of the Tudor age: fresh information about Henry's upbringing and his wedding night and a revealing new study of Henry's worldly jewel, his illegitimate son, the Duke of Richmond, previously a shadowy figure. Truly groundbreaking in both depth and scope, *Sisters to the King* not only reveals two remarkable historical figures but also radically alters our view of Henry VIII and Tudor history.

**Sisters to the King** Maria Perry, 1998      **Margaret Tudor** Melanie Clegg, 2018 When the thirteen-year-old Margaret Tudor, eldest daughter of Henry VII and his wife Elizabeth of York, married King James IV of Scotland in a magnificent proxy ceremony held at Richmond Palace in January 1503, no one could have guessed that this pretty redheaded princess would go on to have a marital career as dramatic and chequered as that of her younger brother Henry VIII. Left widowed at the age of just twenty-three after her husband was killed by her brother's army at the battle of Flodden, Margaret was made Regent for her young son and was temporarily the most powerful woman in Scotland until she fell in love with the wrong man, lost everything, and was forced to flee the country. In a life that foreshadowed that of her tragic, fascinating

granddaughter Mary Queen of Scots Margaret hurtled from one disaster to the next and ended her life abandoned by virtually everyone a victim both of her own poor life choices and of the simmering hostility between her son James V and her brother Henry VIII     The Sisters of Henry VIII Hester W. Chapman, 1969
