Situation Desperate:

Maxims of Thought Richard Downing, 2008 We are constantly being told What to Think but seldom How to Think Maxims of Thought attempts to illustrate some of history's greatest and least understood thoughts and how they apply to today's ongoing search for inner peace As every age of history has passed the great minds of that age have recorded clues as to the mastery of thought These have been all but forgotten lessons we can employ in our day to day lives as we attempt to progress from mediocrity to excellence Here Downing has not only assembled some of the most important thoughts ever recorded he has also broken them down as they relate to contemporary theories on personal growth Really this is a modern day How to Think guide using lessons dating from 600BC to present *Report of the Department of Labour for the Year Ended ...* Canada.
