Billy Proctor was born in 1934 and has spent his entire life in a remote coastal community called Echo Bay BC on an island off northern Vancouver Island Proctor has always done the time honoured work of generations of upcoast men hand logging fishing clam digging repairing boats beachcombing But Billy eventually began to notice that the thriving runs of Pacific salmon oolichans and herring that he remembers from his early years were vanishing some to near extinction and he understood that it was time to take action *Heart of the Raincoast* is the fascinating story of Billy Proctor's life and the wealth of knowledge and understanding that can only be gained from living in such close proximity to nature The writing is funny touching and honest and offers an engaging insider's view not only of the salmon whales eagles and independent people who populate Canada's wild and lovely coastal rainforest but on what we need to do to keep it as nature intended Whales of
