The Parthenon Marbles Christopher Hitchens, 2025-02-04 The most powerful case yet made for the return of the Parthenon Marbles The Parthenon Marbles formerly known as the Elgin Marbles designed and executed by Pheidias to adorn the Parthenon are perhaps the greatest of all classical sculptures In 1801 Lord Elgin then ambassador to the Turkish government had chunks of the frieze sawn off and shipped to England where they were subsequently seized by Parliament and sold to the British Museum to help pay off his debts This scandal exacerbated by the inept handling of the sculptures by their self-appointed guardians remains unresolved to this day In his fierce eloquent account of a shameful piece of British imperial history Christopher Hitchens makes the moral artistic legal and political case for re-unifying the Parthenon frieze in Athens The opening of the New Acropolis Museum emphatically trumps the British Museum's long-standing if always questionable objection that there is nowhere in Athens to house the Parthenon Marbles With contributions by Nadine Gordimer and Professor Charalambos Bouras The Parthenon Marbles will surely end all arguments about where these great treasures belong and help bring a two centuries old disgrace to a just conclusion
