     Defining the Sovereign Community Nadya Nedelsky, 2012-02-28 Though they shared a state for most of the twentieth  
 century when the Czechs and Slovaks split in 1993 they founded their new states on different definitions of sovereignty The  
 Czech Constitution employs a civic model founding the state in the name of the citizens of the Czech Republic while the  
 Slovak Constitution uses the more exclusive ethnic model and speaks in the voice of the Slovak Nation Defining the  
 Sovereign Community asks two central questions First why did the two states define sovereignty so differently Second what  
 impact have these choices had on individual and minority rights and participation in the two states Nadya Nedelsky examines  
 how the Czechs and Slovaks understood nationhood over the course of a century and a half and finds that their views have  
 been remarkably resilient over time These enduring perspectives on nationhood shaped how the two states defined  
 sovereignty after the Velvet Revolution which in turn strongly affected the status of the Hungarian minority in Slovakia and  
 the Roma minority in the Czech Republic Neither state has secured civic equality but the nature of the discrimination against  
 minorities differs Using the civic definition of sovereignty offers stronger support for civil and minority rights than an ethnic  
 model does Nedelsky s conclusions challenge much analysis of the region which tends to explain ethnic politics by focusing  
 on postcommunist factors especially the role of opportunistic political leaders Defining the Sovereign Community instead  
 examines the undervalued historical roots of political culture and the role of current constitutional definitions of sovereignty  
 Looking ahead Nedelsky offers crucial evidence that nationalism may remain strong in Slovakia and the Czech Republic even  
 in the face of democratization and EU integration and is an important threat to both      Resilience and the EU's Eastern  
Neighbourhood Countries Gilles Rouet, Gabriela Carmen Pascariu, 2025-03-17 This new edition provides a detailed and  
 systemic analysis of the shocks and vulnerabilities seen within Eastern Europe and their impact on medium and long term
