Small Districts Big Problems Making School Everybodys House:

Small Districts, Big Problems Richard A. Schmuck, Patricia A. Schmuck, 1992-07-22 The authors of this volume visited 25 small school districts in the US to meet observe and interview students teachers principals and administrators Here they present research that connects with reality Through their fascinating description of the physical and educational landscape the authors capture life in nonurban schools as it is and present information that is brutally honest They provide the beginnings of a road map to help small nonurban districts and communities begin their own journey on the road to better schools

Reconstructing the Common Good in Education Larry Cuban, Dorothy Shipps, 2000 What constitutes the common good in American public education This volume explores the ongoing debate between those who expect schools to cultivate citizens through personal moral and social development as well as to bind diverse groups into one nation and a new generation of school reformers intent on using schools to solve the nation s economic problems by equipping students with marketable skills

Life in Schools and Classrooms Rupert Maclean, 2017-05-04 This book discusses key aspects of life in schools and classrooms and surveys the changes that have occurred over the years in educational research policy making and practice in these school and classroom settings It not only examines cutting edge research in these areas but also showcases good practices in the field Among the topics reviewed are recent developments in assessment methods for collecting and analysing data on classroom practice school leadership and the pros and cons of class size and small class teaching topics which are currently hotly debated in education systems around the globe As such the book objectively examines the various debates and surveys the full range of evidence available Education researchers policy makers and practitioners often hold differing views about the reasons for teacher and student behaviour in classrooms and for example its relevance to class size Many of these views are based on gut feelings rather than hard evidence Unfortunately these three groups with differing perspectives often talk past each other rather than engage in a productive mutually beneficial dialogue The book builds an effective bridge between researchers policy makers and practitioners regarding the impact of these various aspects of classroom life so that the viewpoints of each can be carefully considered and evaluated
