Contours of White Ethnicity Yiorgos Anagnostou, 2009-11-15 In *Contours of White Ethnicity* Yiorgos Anagnostou explores the construction of ethnic history and reveals how and why white ethnics selectively retain rework or reject their pasts Challenging the tendency to portray Americans of European background as a uniform cultural category the author demonstrates how a generalized view of American white ethnics misses the specific identity issues of particular groups as well as their internal differences Interdisciplinary in scope *Contours of White Ethnicity* uses the example of Greek America to illustrate how the immigrant past can be used to combat racism and be used to bring about solidarity between white ethnics and racial minorities Illuminating the importance of the past in the construction of ethnic identities today Anagnostou

presents the politics of evoking the past to create community affirm identity and nourish reconnection with ancestral roots then identifies the struggles to neutralize oppressive pasts Although it draws from the scholarship on a specific ethnic group Contours of White Ethnicity exhibits a sophisticated interdisciplinary methodology which makes it of particular interest to scholars researching ethnicity and race in the United States and for those charting the directions of future research for white ethnicities **Journal of the Hellenic Diaspora** ,2005 Modern Greek Studies Yearbook ,2004 **Laographia** ,1994

McCormick,2000 Salt Lake City is no ordinary place Its hard gutted individuality as Western historian Dale L Morgan called it gives it a contradictory charm The city has an extraordinary and complicated past full of paradoxes and irresolution about its image This is the story of a frontier outpost founded as a haven for religious refugees that eventually becomes a melting pot for different kinds of people different voices experiences points of view traditions values and ways of life In fact the city has emerged from the crucible of conflict based partly on religion but also on race class distinction and gender The author s goal in his thought provoking overview accented by 125 historical photographs is not to shift from the feel good emphasis of traditional photo histories but to augment that approach with information about societal change a history of groups and traditions and of the ideas and experiences that have made the city what it is today *A World We Thought We Knew* John S.
