A Companion to Lyndon B. Johnson Mitchell B. Lerner, 2012-02-13 This companion offers an overview of Lyndon B Johnson's life, presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office. Explores the legacy of Johnson and the historical significance of his years as president. Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam. Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President.

A Companion to First Ladies Katherine A.S. Sibley, 2016-03-02 This volume explores more than two centuries of literature on the First Ladies from Martha Washington to Michelle Obama, providing the first historiographical overview of these important women in U.S. history. Underlines the growing scholarly appreciation of the First Ladies and the evolution of the position since the 18th century. Explores the impact of these women not only on White House responsibilities but on elections, presidential policies, social causes and in shaping their husbands' legacies. Brings the First Ladies into crisp historiographical focus, assessing how these women and their contributions have been perceived both in popular literature and scholarly debate. Provides concise biographical treatments for each First Lady.

The Palgrave Handbook of Fashion and Politics Karen M. Kedrowski, Candice D. Ortals, Lori Poloni-Staudinger, J. Cherie Strachan, 2024-10-15 This book examines how fashion intersects with political expression in the United States and across the globe. The chapters cover a diversity of perspectives including experiences of men, minoritized people and women and LGBTQ persons as well as examining strategic choices by political actors ranging from dictators to elected officials and from protesters to mothers. Perhaps more importantly, this handbook allows chapters written about the US by mainly US-based academics to be in dialogue with scholarship about other regions of the world largely written by non-US and non-European scholars. Several chapters address regions of the world often understudied by political scientists including Africa, Kenya, Ethiopia, Uganda, Sudan, Liberia, Nigeria and Cameroon, Asia, North Korea, Turkmenistan, Indonesia and Pakistan and Latin America, Argentina and Mexico. This work goes beyond the usual analyses that cast clothing choices as trivial or constraining and shows how political actors from dictators to elected officials and from citizen activists to social movement leaders incorporate strategic choices about their clothing ranging from uniforms and business attire to hijab and traditional ethnic attire in order to advance their political agendas.

Workbook: Grade 2 Language/Reading Wiley Blevins,Linda Ross,Who HQ,2021-02-16 It s fun to learn the Who Was way Introducing a new series of workbooks that explore language arts topics in Phonics Writing Spelling and Grammar and Vocabulary for curious kids and Who Was fans alike Fans of the Who Was series are sure to love this workbook filled with reading passages based on their favorite historical figures The interactive writing prompts at the end of each passage make the educational material more engaging and allow young learners to apply the skills they ve been practicing in an exciting and creative way This workbook also includes stand alone activities like crossword puzzles fill in the blank word games and word searches that readers can solve for extra Who Was fun With material that aligns with national Common Core Standards and is vetted by a top educational consultant Who Was Workbooks are designed to reinforce language arts lessons introduced in the classroom in an accessible way for young learners everywhere Extreme Ice Now James Balog,2009 Collects essays and photographs that describe scientific evidence of the negative effects of global warming on glaciers in the Northern Hemisphere based on the Extreme Ice Survey glacier study **First Ladies** Susan Swain,C-SPAN,2015-04-14 A look inside the personal life of every first lady in American history based on original interviews with major historians C SPAN s yearlong history series First Ladies Influence and Image featured interviews with more than fifty preeminent historians and biographers In this informative book these experts paint intimate portraits of all forty five first ladies their lives ambitions and unique partnerships with their presidential spouses Susan Swain and the C SPAN team elicit the details that made these women who they were how Martha Washington intentionally set the standards followed by first ladies for the next century how Edith Wilson was complicit in the cover up when President Wilson became incapacitated after a stroke and how Mamie Eisenhower used the new medium of television to reinforce her and her husband s positive public images This book provides an up close historical look at these fascinating women who survived the scrutiny of the White House sometimes at great personal cost while supporting their families and famous husbands and sometimes changing history Complete with illustrations and essential biographical details it is an illuminating entertaining and ultimately inspiring read *The Engineering of Racism* Samuel Belsham Moki, PhD,2020-10-30 Racism and white supremacy have survived in the United States for a very long time because from the onset it was based on sound engineering The book contends that racism is not a belief practice or ideology that flared up by accident or through the spur of the moment Rather it followed sound engineering stages like planning design and construction Racism was designed to serve a domineering purpose for white people and therefore there was a lot of planning that eventually led to its design and construction Because the architects had a vision of its permanency they chose the most durable materials for its construction Metaphorically they

used mortar bricks and steel beams These durable materials among others include religion science government including the Supreme Court the constitution and laws brutality and social media As the centuries rolled by succeeding architects of this design and construction have done a superb job in maintenance and modifications to elude stumbling blocks Based on the times and prevailing winds the racism construct has undergone mutations to evade capture and destruction even to this day Like a car the engineering and engineers have evolved the models and make are changing but the underlying engineering remains intact Today the overt brash and brutal racism has generally ceded to an equally destructive calculated politically correct less pompous highly sophisticated and veiled racism The book dissects this durable foundational construct and proffers recommendations that will systematically minimize its intensity
