The Insanity of Unbelief Max Davis,2012-10-16 How Science and the Supernatural Changed My Life One day one of my professors asked me if it was true that I was a Bible believing Christian When I answered yes his polite upbeat attitude instantly turned rude and arrogant In front of my peers he insulted my intelligence belittled my faith and discredited the Bible To him there was absolutely no doubt that science and academia had shown the pure insanity of such belief writes author Max Davis Written from his journalistic point of view The Insanity of Unbelief is a result of the author s 30 year walk from childlike belief to skepticism and finally deep secure faith The contents are based on his expert and thorough research of solid facts versus what many atheists agnostics and even some believers tout Different from other apologetic books is the addition of true documented supernatural experiences and miracles making a compelling and exciting argument for the reality and power of God
