*A Soldier's Life* John Lee, 2000-01-01 Ian Hamilton is chiefly famous for the devastating failure of the Gallipoli campaign in 1915 John Lee's biography reveals that Gallipoli was always doomed and that Hamilton deserves to have his entire career reassessed

**The British Army Regular Mounted Infantry 1880-1913** Andrew Winrow, 2016-11-03 The regular Mounted Infantry was one of the most important innovations of the late Victorian and Edwardian British Army Rather than fight on horseback in the traditional manner of cavalry they used horses primarily to move swiftly about the battlefield where they would then dismount and fight on foot thus anticipating the development of mechanised infantry tactics during the twentieth century Yet despite this apparent foresight the mounted infantry concept was abandoned by the British Army in 1913 just at the point when it may have made the transition from a colonial to a continental force as part of the British Expeditionary Force Exploring the historical background to the Mounted Infantry this book untangles the debates that raged in the army Parliament and the press between its advocates and the supporters of the established cavalry With its origins in the extemporised mounted detachments raised during times of crisis from infantry battalions on overseas imperial garrison duties Dr Winrow reveals how the Mounted Infantry model unique among European armies evolved into a formalised and apparently highly successful organisation of non cavalry mounted troops He then analyses why the Mounted Infantry concept fell out of favour just eleven years after its apogee during the South African Anglo Boer War of 1899 1902 As such the book will be of interest not only to historians of the nineteenth century British army but also those tracing the development of modern military doctrine and tactics to which the Mounted Infantry provided successful if short lived inspiration

World War in the Middle East swept away five hundred years of Ottoman domination. It ushered in new ideologies and radicalised old ones from Arab nationalism and revolutionary socialism to impassioned forms of atavistic Islamism. It created heroic icons like the enigmatic Lawrence of Arabia or the modernizing Atatürk and destroyed others. And it completely redrew the map of the region forging a host of new nation states including Turkey, Iraq, Syria, Jordan, Lebanon and Saudi Arabia, all of them with the exception of Turkey under the protection of the victor powers Britain and France. For many, the self-serving intervention of these powers in the region between 1914 and 1919 is the major reason for the conflicts that have raged there on and off ever since. Yet many of the most commonly accepted assertions about the First World War in the Middle East are more often stated than they are truly tested. Rob Johnson, military historian and former soldier, now seeks to put this right by examining in detail the strategic and operational course of the war in the Middle East. Johnson argues that far from being a sideshow to the war in Europe, the Middle Eastern conflict was in fact the centre of gravity in a war for imperial domination and prestige. Moreover, contrary to another persistent myth of the First World War in the Middle East, local leaders and their forces were not simply the puppets of the Great Powers in any straightforward sense. The way in which these local forces embraced, resisted, succumbed to, disrupted or on occasion overturned the plans of the imperialist powers for their own interests in fact played an important role in shaping the immediate aftermath of the conflict and in laying the foundations for the troubled Middle East that we know today.

**Gallipoli** Jenny Macleod, 2015-07-23. The British-led Mediterranean Expeditionary Force that attacked the Ottoman Empire at Gallipoli in 1915 was a multi-national affair including Australian, New Zealand, Irish, French and Indian soldiers. Ultimately a failure, the campaign ended with the withdrawal of the Allied forces after less than nine months and the unexpected victory of the Ottoman armies and their German allies. In Britain, the campaign led to the removal of Churchill from his post as First Lord of the Admiralty and the abandonment of the plan to attack Germany via its soft underbelly in the East. Thereafter, it was largely forgotten on a national level, commemorated only in specific localities linked to the campaign. In post-war Turkey, by contrast, the memory of Gallipoli played an important role in the formation of a Turkish national identity, celebrating both the ordinary soldier and the genius of the republic's first president, Mustafa Kemal. The campaign served a similarly important formative role in both Australia and New Zealand, where it is commemorated annually on Anzac Day. For the southern Irish, meanwhile, the bitter memory of service for the King in a botched campaign was forgotten for decades. Shaped initially by the imperatives of war time and the needs of the grief-stricken and the bereft, the memory of Gallipoli has been re-made time and again over the last century. For the Turks, an inspirational victory for many on the Allied side, a glorious and romantic defeat for others, still an episode best forgotten. Gallipoli has meant different things to different people, serving by turns as an occasion of sincere and heartfelt sorrow, an opportunity for separatist and feminist protest, and a formative influence in the forging of national identities.

*Gallipoli 1915* Peter Doyle,2011-09-30 In a campaign part sponsored by First Lord of the Admiralty Winston Churchill the Battle of Gallipoli in 1915 remains one of the most resounding Allied defeats of the First World War with both the Allied and Ottoman armies suffering in excess of 200 000 casualties Despite this many believed it would be a sure fire success due to the preceding naval campaign but increased losses at sea prompted the Allies to send in ground troops Comprising a large ANZAC contingent on their first major operation they were tasked with invading and eliminating the formidable Ottoman artillery On 25 April 1915 they landed on five stretches of beach in open boats The casualties from the first landing were horrific of the first 200 men out of the boats only twenty one reached inland the rest being mown down by Ottoman machine guns Casualties only accelerated from there for both sides until the Allies were forced to evacuate Gallipoli 1915 takes you to the front line and beyond ensuring that you will appreciate the ultimate sacrifice made by these brave soldiers
