From the Realm of a Dying Sun Douglas E. Nash, 2020-10-30 A veritable tour de force of Eastern Front armored combat replete with slashing counterattacks defending to the last man and overcoming odds Mark J Reardon author of *Victory at Mortain* On Christmas Eve 1944 the men of the IV SS Panzerkorps and its two divisions the 3rd SS Panzer Division Totenkopf and the 5th SS Panzer Division Wiking were eagerly anticipating what the holiday would bring including presents from home and perhaps sharing a bottle of schnapps or wine with their comrades This was not to be for that very evening the corps commander SS Obergruppenführer Herbert Otto Gille received a telephone call notifying him that the 35 000 men of his corps would begin boarding express trains the following day that would take them from the relative quiet of the Vistula Front to the front lines in Hungary hundreds of kilometers away Their mission Relieve Budapest Thus would begin the final round in the saga of the IV SS Panzerkorps In Hungary it would play a key role in the three attempts to raise the siege of that fateful city Threatened as much by their high command as by the forces of the Soviet Union Gille and his troops overcame seemingly insurmountable obstacles in their attempts to rescue the city's garrison only to have their final attack called off at the last minute At that moment they were only a few kilometers away from the objective towards which they had striven for nearly a month After the relief attempt's failure sealed the fate of hundreds of thousands of Hungarians and Germans the only course of action remaining was to dig in and protect the Hungarian oilfields as long as possible
SS: Hitler's Foreign Divisions Chris Bishop, 2012-07-16 The Waffen SS were the elite of Hitler's armies in World War II but the most fanatical were not even German This is a comprehensive examination of every foreign Waffen SS formation including infamous divisions such as Wiking and Prinz Eugen units such as the Kaminski Brigade and the British recruited Britisches Freikorps
Valhalla's Warriors Terry Goldsworthy, 2010-06 They were the soldiers sworn by an oath of loyalty to follow Hitler into a maelstrom of genocidal barbarity They were the elite of the German military in World War Two They were the Waffen SS On June 22 1941 before dawn German troops invaded Russia The Barbarossa campaign included some of the greatest episodes in military history it also allowed Hitler's ideological warriors the Waffen SS to give full vent to their ideological way of war It provided the killing ground in which some of the worst atrocities seen by humanity were committed In *Valhalla's Warriors* author Dr Terry Goldsworthy meticulously chronicles what has become one of the most famous fighting elites in World War Two Discovering the truths behind the legend by drawing on hundreds of sources including first hand accounts of Waffen SS veterans and spanning five years of research Dr Goldsworthy leads the reader through the events that occurred on the Eastern Front both on the front lines and behind This book is an exploration of the Waffen SS and by necessity of evil The

Waffen SS are commonly regarded as the elite of Germany's armed forces during World War II. They gained much of this reputation whilst fighting on the Eastern Front in Russia. Germany's war against the Soviet Union in World War II, in particular, the role of the Waffen SS forms much of the subject matter of this book. The death and destruction during this conflict would result not just from military operations but also from the systematic killing and abuse that the Waffen SS directed against Jews, Communists and ordinary citizens. This book provides a clear, concise history of the Waffen SS campaign of conquest and genocide in Russia by looking at the actions both on and behind the front lines. By drawing on the best of military and Holocaust scholarship, this book dispels the myths that have distorted the role of the Waffen SS in both the military operations themselves and the unthinkable crimes that were part of them. The conventional wisdom that the Waffen SS in World War II fought a relatively clean fight, unsullied by the atrocities committed by the Nazis, is challenged and largely demolished. Focusing on the Eastern Front, the book contends that the Nazi vision of a racial ideological death struggle against Slavic hordes and their Jewish Bolshevik commissars resonated with soldiers of the Waffen SS steeped in traditional anti-Semitic and racist dogmas. In doing so, this book clearly shows that the Waffen SS was an organisation that committed widespread atrocities and were truly soldiers of evil.

DR TERRY GOLDSWORTHY is a Detective Senior Sergeant with over 25 years policing experience in Australia. He has served in general duties, watchhouse and traffic branch before moving to the Criminal Investigation Branch in 1994. Dr Goldsworthy has completed a Bachelor of Commerce, Bachelor of Laws, Advanced Diploma of Investigative Practice and a Diploma of Policing. As a result of his law studies, Dr Goldsworthy was admitted to the bar in the Queensland and Federal Courts as a barrister in 1999. Dr Goldsworthy then completed a Master of Criminology at Bond University. He later completed his PhD focusing on the concept of evil and its relevance from a criminological and sociological viewpoint. In particular, Dr Goldsworthy looked at the link between evil and armed conflicts using the Waffen SS as a case study. He has also contributed chapters to the tertiary textbooks *Forensic Criminology* and *Serial Crime* published by Academic Press. He has also written a chapter to the general crime book *Crime on My Mind* published by New Holland Publishing.

Jagdpanther vs SU-100 David R. Higgins, 2014-04-20. Featuring specially commissioned full colour artwork, this engaging study casts new light on the background and details of this clash between two turretless tank destroyers as the two sides contested Hungary's vital oil resources in March 1945. As World War II in Europe reached its end, armour development and doctrine had experienced several years of massively accelerated change, especially within the crucible of the Eastern Front. The German Jagdpanther and Soviet SU 100, both turretless tank destroyers, designs based on a traditional turret tank chassis, were the culminating examples of how the progression of experience, resources and time constraints produced vehicles that were well suited for roles of defence and offence respectively. As this compact book details, the Jagdpanther represented a well-balanced solution and an excellent use of limited resources, while the SU 100 was a natural progression of the SU 85, where numbers produced compensated for rudimentary construction, poor
