Postmodern Gandhi and Other Essays Lloyd I. Rudolph, Susanne Hoeber Rudolph, 2010-07-15 Gandhi with his loincloth and walking stick seems an unlikely advocate of postmodernism But in *Postmodern Gandhi* Lloyd and Susanne Rudolph portray him as just that in eight thought provoking essays that aim to correct the common association of Gandhi with traditionalism Combining core sections of their influential book *Gandhi The Traditional Roots of Charisma* with substantial new material the Rudolphs reveal here that Gandhi was able to revitalize tradition while simultaneously breaking with some of its entrenched values and practices Exploring his influence both in India and abroad they tell the story of how in London the young activist was shaped by the antimodern other West of Ruskin Tolstoy and Thoreau and how a generation later a mature Gandhi's thought and action challenged modernity's hegemony Moreover the Rudolphs argue that Gandhi's critique of modern civilization in his 1909 book *Hind Swaraj* was an opening salvo of the postmodern era and that his theory and practice of nonviolent collective action satyagraha articulate and exemplify a postmodern understanding of situational truth This radical interpretation of Gandhi's life will appeal to anyone who wants to understand Gandhi's relevance in this century as well as students and scholars of politics history charismatic leadership and postcolonialism

Jinnah: A Life Yasser Latif Hamdani, 2020-06-23 Was Jinnah the sole driving force behind the Partition of India Or was he a champion of Islam who stood for a new Islamic renaissance Mahomed Ali Jinnah started his political career in the Congress as a staunch Indian nationalist He believed in secular politics and was opposed to bringing religion into it He was known as an ambassador of Hindu Muslim unity So why did he towards the end of his career initiate the creation of a separate Muslim state This new biography provides the answers while casting fresh light on Jinnah's character his personal life his political and legal careers his relationship with Gandhi Nehru as well as his disagreements with their ideas Carefully examining the major events of his life from early childhood to his first speech as President of the All India Muslim League Yasser Latif Hamdani presents a complex and compelling portrait of Jinnah who is often narrowly regarded as a votary of a theocratic Islamic state Based on extensive research and a wealth of archival material Hamdani has revealed those traits of Jinnah's personality that made him the most misunderstood leader of his times He also comments on how religious zealots have turned Pakistan into an Islamic Republic contrary to Jinnah's vision

Syama Prasad Mookerjee, the Hindu Dissent and the Partition of Bengal, 1932-1947

Chhanda Chatterjee, 2020-06-14 This study on Dr Syama Prasad Mookerjee will help the readers understand the circumstances under which he assumed the leading role in the carving out the province of West Bengal from the littoral that was soon to become the province of East Pakistan The role of Dr Syama Prasad Mookerjee in demanding the separation of the Hindu majority districts in the western half of Bengal from the proposed East Pakistan has not been studied so far or documented The Right historians today try to view it as a great triumph for the Hindus while Secular ones try to paint Syama Prasad as an arch communalist Underlying both versions of the story is an assumption that the partition of Bengal was a much sought after goal pursued by Syama Prasad Yet an impassioned examination of the actual documents show that Syama Prasad tried to work out a formula for the co existence of the Hindus and the Muslims till the very last Only when all attempts including that of Mahatma Gandhi in the dark days of the Noakhali riots failed to dissuade the Muslim League from trying to push the subcontinent towards partition that Syama Prasad launched his drive for the separation of the western districts of Bengal from East Pakistan Partition was the bane of the Hindu Mahasabha They had called a hartal on 3 July 1947 to register their disapproval of the idea But once partition gained acceptance at all levels beginning from the Congress to the Viceroy Lord Mountbatten Syama Prasad saw no alternative to making the best of a bad bargain and pushed for partition The bloodbath of 16 August 1946 in Calcutta and the reprehensible violation of Hindu women in Noakhali the following October cast the die He took a leaf out of Master Tara Singh s plans in the Punjab for the regrouping of the provinces by isolating the non Muslim population from the Muslim majority zones The Congress Working Committee took the same line passing a resolution on 8 March 1947 in favour of the isolation of the non Muslim areas in the Punjab from the predominantly Muslim ones This strengthened Syama Prasad s case for the partition of Bengal However this was a last resort measure failing all

Liberty or Death Patrick French,2016-06-21

At midnight on 14 August 1947 Britain's 350 year old Indian Empire was broken into three pieces. The greatest mass migration in history began as Muslims fled north and Hindus fled south and Britain's role as an imperial power came to an end. Patrick French's vivid and surprising account of the chaotic final years of colonial rule in India has been acclaimed as the definitive book on this subject. Journeying across India, Bangladesh and Pakistan, he brings to life a cast of characters including spies, idealists, freedom fighters and politicians from Churchill to Gandhi. The result is a compelling story of deal making, missed opportunities, hope and tragedy.

The Oxford History of the British Empire: Volume V: Historiography Robin Winks, 2001-07-26. The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records. From the founding of colonies in North America and the West Indies in the seventeenth century to the reversion of Hong Kong to China at the end of the twentieth century, British imperialism was a catalyst for far-reaching change. The Oxford History of the British Empire as a comprehensive study helps us to understand the end of Empire in relation to its beginning, the meaning of British imperialism for the ruled as well as for the rulers, and the significance of the British Empire as a theme in world history. This fifth and final volume shows how opinions have changed dramatically over the generations about the nature, role and value of imperialism generally and the British Empire more specifically. The distinguished team of contributors discuss the many and diverse elements which have influenced writings on the Empire: the pressure of current events, access to primary sources, the creation of relevant university chairs, the rise of nationalism in former colonies, decolonization and the Cold War. They demonstrate how the study of empire has evolved from a narrow focus on constitutional issues to a wide-ranging enquiry about international relations, the uses of power and impacts and counterimpacts between settler groups and native peoples. The result is a thought-provoking cultural and intellectual inquiry into how we understand the past and whether this understanding might affect the way we behave in the future.

Oceanic Islam, 2020-05-31. The Indian Ocean interregional arena is a space of vital economic and strategic importance, characterized by specialized flows of capital and labor, skills and services, and ideas and culture. Islam, in particular, and religiously informed universalism in general, once signified cosmopolitanism across this wide realm. This historical reality is at variance with contemporary conceptions of Islam as an illiberal religion that breeds intolerance and terrorism. The future balance of global power will be determined in large measure by policies of key actors in the Indian Ocean and the lands that abut it, rather than in the Atlantic or the Pacific. The interplay of multiple and competing universalisms in the Indian Ocean arena is in urgent need of better understanding. *Oceanic Islam: Muslim Universalism and European Imperialism* is a fresh contribution to Islamic and Indian Ocean studies, alike, placing the history of modern South Asia in broader interregional and global contexts. It refines theories of universalism and cosmopolitanism while, at the same time, drawing on new empirical research. The essays in the volume bring the best academic scholarship on Islam in South Asia and across the Indian Ocean in the age of European empire to the readers.
