Soledad Or Solitudes:

Soledad, Or, Solitudes R. G. Vliet, 1986 R G Vliet displays a profound knowledge of and sympathy for the human heart and its desires and limitations Writing in prose that is sensuous and compelling Vliet spins a tale that is true both to Texas landscape and society in the 1880 s and to the universal imperative of human psychology Dust jacket *The Solitude of Prime Numbers* Paolo Giordano, 2010-03-18 From the author of *Heaven and Earth* a sensational novel about whether a prime number can ever truly connect with someone else A prime number is inherently a solitary thing it can only be divided by itself or by one it never truly fits with another Alice and Mattia too move on their own axis alone with their personal tragedies As a child Alice s overbearing father drove her first to a terrible skiing accident and then to anorexia When she meets Mattia she recognizes a kindred tortured spirit and Mattia reveals to Alice his terrible secret that as a boy he abandoned his mentally disabled twin sister in a park to go to a party and when he returned she was nowhere to be found These two irreversible episodes mark Alice and Mattia s lives for ever and as they grow into adulthood their destinies seem intertwined they are divisible only by themselves and each other But the shadow of the lost twin haunts their relationship until a chance sighting by Alice of a woman who could be Mattia s sister forces a lifetime of secret emotion to the surface A meditation on loneliness and love *The Solitude of Prime Numbers* asks can we ever truly be whole when we re in love with another And when Mattia is asked to choose between human love and his professional love of mathematics which will make him more complete [World Literature in Spanish](#) Maureen Ihrie, Salvador Oropesa, 2011-10-20 Containing roughly 850 entries about Spanish language literature throughout the world this expansive work provides coverage of the varied countries ethnicities time periods literary movements and genres of these writings Providing a thorough introduction to Spanish language literature worldwide and across time is a tall order However *World Literature in Spanish An Encyclopedia* contains roughly 850 entries on both major and minor authors themes genres and topics of Spanish literature from the Middle Ages to the present day affording an amazingly comprehensive reference collection in a single work This encyclopedia describes the growing diversity within national borders the increasing interdependence among nations and the myriad impacts of Spanish literature across the globe All countries that produce literature in Spanish in Europe Africa the Americas and Asia are represented covering both canonical authors and emerging contemporary writers and trends Underrepresented writings such as texts by women writers queer and Afro Hispanic texts children s literature and works on relevant but less studied topics such as sports and nationalism also appear While writings throughout the centuries are covered those of the 20th and 21st centuries receive special consideration *Absolute Solitude* Dulce Maria Loynaz, 2016-05-03 In the first comprehensive selection and translation of Dulce Mar a Loynaz s poetry James O Connor invites us to hear the haunting voice of Cuba s celebrated poet whom the Nobel Laureate Juan Ram n Jim nez terms in his Foreword archaic and new tender weightless rich in abandon Widely published in Spain during the 1950s Loynaz s poetry was almost forgotten in Cuba after the Revolution International
