The Growth Of Public Expenditure In The United Kingdom Modern Revivals In Economics S:

The Growth of Public Expenditure in the United Kingdom Alan T. Peacock, Jack Wiseman, Jindrich Veverka, 1967

Political Theories of Modern Government (Routledge Revivals) Peter Self, 2009-11-05 This reissued work originally published in 1985 is a uniquely broad and original survey of theories and beliefs about the growth behaviour performance and reform of the governments of modern Western democracies After analysing the external pressures which have shaped modern governments the author examines four different schools of political thought which seek to explain the behaviour and performance of governments and which offer different remedies for the pluralism corporatism and bureaucracy To examine and test these general theories the author looks closely at how governments actually work The book is illustrated with examples drawn from various Western societies The final chapters present the author's own conclusion about the future role of government the limits of market philosophy the future of politics and the principles and problems of institutional reform

The Wasting of the British Economy (Routledge Revivals) Sidney Pollard, 2014-06-03 Originally published in 1982 this book examines the problem and looks at the causes of the repeated crises which the country has undergone since the war The basic cause is stated to be the failure to invest in the modernisation of the British capital equipment and the consequent loss of competitive power This failure in turn is seen to be the result of Government policies which for the sake of a variety of short term aims sacrificed the future by deliberately inhibiting investment

The Cambridge Economic History of Modern Britain Roderick Floud, Paul Johnson, 2003 Publisher Description Contemporary Economic Analysis (Routledge Revivals) David Currie, Will Peters, 2016-05-12 First published in 1980 this book collects 17 lectures presented at the annual conference of the Association of University Teachers of Economics covering a wide range of issues and debates They include new theoretical points criticisms of existing theory the reporting of empirical studies and their implications and refinements of methodological techniques Among the topics covered are government deficits and capital accumulation macroeconomic issues of management policy and foreign trade empirical studies of foreign exchange markets and supply and demand of hours of work public sector and welfare economics risk and uncertainty and monopoly competition and markets

Prosperity and Public Spending (Routledge Revivals) Edward Nell, 2009-12-15 In a dramatic and well argued challenge to the prevailing wisdom Prosperity and Public Spending first published in 1988 contends that the failure of Keynesian economics has been due to its timidity Far from contracting the government must expand its powers and activities in order to achieve and maintain economic prosperity The need for such expansion arises from the fact that the system has developed from a craft based economy to a mass production network with sophisticated international finance This transformational growth brings about irreversible and sometimes devastating changes requiring government action Professor Nell argues that a lack of government action in the decade prior to the book's initial publication was responsible for the stagnation of the economy and he asserts that this could only be overcome by a determined policy intervention and

the political will to achieve dominance over private capital *The World Economy in Transition (Routledge Revivals)* Michael Beenstock,2013-07-04 First published in 1984 Michael Beenstock develops in *The World Economy in Transition* an original stimulating and accessible analysis of the world economy in its many aspects and this second edition includes a chapter on the International Banking Crisis in line with the author's Transition Theory The book embraces numerous strands of economic debate as the author provides a powerful and original thesis which focuses on the changing economic relationship between developed and developing nations as well as between manufacturing and primary producing sectors The analysis also extends to international trade commodity markets international finance energy and economic history The book discusses in addition to Transition Theory other global approaches to the subject including technology diffusion long waves commodity price effects and the oil price hikes and the insights of Transition Theory are also applied to the historical experience of the British economy concluding with an evaluation of policy implications *British Macroeconomic Policy since 1940 (Routledge Revivals)* Jim Tomlinson,2014-06-03 Originally published in1985 Jim Tomlinson charts the route of British macroeconomic policy in the post war era This book argues that the objectives of macroeconomic policy have not been constant that the emphasis has shifted from one item to another over time and that this uncertainty and inconsistency over objectives goes a long way to explaining why macroeconomics management has not been a startling success **The Sources of Social Power: Volume 2, The Rise of Classes and Nation-States, 1760-1914** Michael Mann,2012-09-24 This second volume deals with power relations between the Industrial Revolution and the First World War *An Economic History of Liberal Italy (Routledge Revivals)* Gianni Toniolo,2014-10-14 This book first published in 1990 examines Italy's economic history from its Unification in 1850 to the end of the First World War Particular attention is paid to the extent to which Italy exhibits the features of Kaznets's model of modern economic growth *An Economic History of Liberal Italy* begins with a quantitative assessment of Italy's long term growth in this period All of the main relevant variables including production consumption investment foreign trade government spending and welfare are discussed The book proceeds through a chronological account of the developments of the economy during this period and concludes with a critical survey of the relevant historiography Throughout the book emphasis is given to structural changes to developments in the main industries to the relations between different sectors of the economy and to economic policies This book is ideal for those studying economics of Italian history *Guide to Reprints* ,2005 *The Sources of Social Power* Michael Mann,1986 Distinguishing four sources of power in human societies ideological economic military and political *The Sources of Social Power* traces their interrelations throughout human history Volume 2 deals with power relations between the Industrial Revolution and the First World War *Forthcoming Books* Rose Army,1994-02 *Whitaker's Books in Print* ,1998

Trusting Leviathan Martin Daunton,2001-11-01 Professor Martin Daunton's major work of original synthesis explores the politics of taxation in the long nineteenth century In 1799 income tax stood at 20% of national income by the outbreak of the

First World War it was 10% This equitable exercise in fiscal containment lent the government a high level of legitimacy allowing it to fund war and welfare in the twentieth century Combining new research with a comprehensive survey of existing knowledge this book examines the complex financial relationship between the State and its citizens Politics UK Bill Jones, Philip Norton, 2014-06-20 The revised and updated eighth edition of the bestselling textbook Politics UK is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues facing Britain today With contributed chapters from respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for students of British politics The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition The eighth edition includes Britain in context boxes offering contrasting international perspectives of themes in British politics A comprehensive who's who of politics in the form of Profile boxes featuring key political figures And another thing pieces short articles written by distinguished commentators including Jonathan Powell Michael Moran and Mark Garnett Fully updated chapters plus new material providing excellent coverage of contemporary political events including The Leveson Inquiry the aftermath of the 2011 riots and the House of Lords reform A vibrant and accessible new design to excite and engage students as they work through a variety of political topics A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government including an overview of the major differences that divide the coalition partners **The Conservative Nation (Routledge Revivals)** Andrew Gamble, 2014-06-27 Since the 1880s the Conservative Party has been an important political force in Britain In this study of Conservative ideology since the end of Second World War first published in 1974 Andrew Gamble considers the nature of Conservative party opinion and the factors that have accounted for its success The adaptation of the party post 1945 is discussed as well as the ascendancy of the Right progressives in the leadership and the challenge of the Whigs and Imperialists Finally the book includes a discussion of the fluctuations within the Conservative Government between 1970 and 1974 with an account of what Gamble believes to have been ultimately a failure A rigorous and comprehensive analysis of Conservative thought and policy this study will be of particular value to those with an interest in the history of British Conservative politics and government *Britain and the Economic Problem of the Cold War* Till Geiger, 2017-07-05 Examining aspects of the political economy and economic impact of British defence expenditure in the period of the first cold war 1945-1955 Britain and the Economic Problem of the Cold War challenges the widespread assumption that the British commitment to fighting the cold war precipitated the country's relative economic decline in the postwar period Political Order and Inequality Carles Boix, 2015-02-23 The fundamental question of political theory one that precedes all other questions about the nature of political life is why there is a state at all This book describes the foundations of stateless

societies why and how states emerge and the basis of political obligation *Governing Post-War Britain* Glen O'Hara, 2012-04-11 Glen O'Hara draws a compelling picture of Second World War Britain by investigating relations between people and government the electorate's rising expectations and demands for universally available social services the increasing complexity of the new solutions to these needs and mounting frustration with both among both governors and governed

The Growth Of Public Expenditure In The United Kingdom Modern Revivals In Economics S Book Review: Unveiling the Magic of Language
