陈丽新 Chen Lee Sun, 2011 Laozi's Daodejing The English and Chinese Translations Based on Laozi's Original Daoism From Philosophical and Hermeneutical Perspectives Your work on Lao Tzu promises to be very interesting Professor Sir Alfred Ayer A J Ayer I strongly recommend to you a new translation of Lao Tzu from a very remarkable translator a Chinese lady Lee Sun Chen Org who deeply believes in the importance of this work for humanity Professor Sir Karl Popper You should make an effort to let the world know of the true Laozi I like both your Chinese and English translations of Daodejing Professor Chern Shiing Shen The authentic philosophical Daoism was originated by Laozi through his meditation private and philosophizing public He has organized the piecemeal whimsical poetic thinking and incorporated them into his framework that is the Daoism of Laozi His book Daodejing embodies an integral framework and that should be tackled through philosophy However the language of his book is nearly four thousand years old this hardship should be tackled through the Chinese hermeneutic In addition Laozi's philosophical Daoism should be discerned from popular religious Daoism a medley of fanciful thoughts and folklore Accordingly the single step to start the long and arduous journey to fathom the very deep wisdom of Laozi is to follow the roadmap of each individual's striving to understand oneself spiritually self realization and the world scientifically Chen Lee Sun aka Lee Sun Chen Org A self taught and self critical pursuer of truth as well as the meaning of life She was a life long follower of Laozi's philosophy Laoism but attended Oxford University to study Western philosophy through winning a full scholarship awarded by Government in Taiwan She has also worked for an MA on linguistics and Chinese hermeneutic in the University of California Davis Bertrand Russell had great influence on her in her early days Later her mentor was A J Ayer Most recently her philosophical thinking moved closer to

Karl Popper's Nevertheless Laozi's thinking has had been her greatest influence The Secret Sayings of Ye Su Jay G. Williams, 2004-12 The Secret Sayings of Ye Su A Silk Road Gospel provides a translation of introduction to and commentary upon an extraordinary previously unknown manuscript This Christian gospel though written in koine Greek was obviously influenced by both Buddhist and Daoist ideas and probably derives from Tang dynasty China 8th or 9th century The account of how the manuscript emerged in 1994 and how it came to be translated by Dr Jay G Williams is in itself quite fascinating The author also describes the nature of the text and why he thinks it should be placed in the Tang dynasty period He provides a concise introduction not only to the history of Buddhism and the indigenous religions of China during this period but also to the Religion of Light a form of Christianity that entered China in 638 A D The work ends with a line by line commentary on each of the seventy two verses of this gospel Although undoubtedly ancient the work seems amazingly contemporary in its ideas offering a unique and quite radical vision of Ye Su Jesus and his teachings Neither orthodox nor gnostic The Secret Sayings comments about such topics as the place of women and gays within the community the nature of the kingdom and the source of Christian hope in the Source Although faith is emphasized doctrines and dogmas are not A place is found for both the Heavenly Father and the Earthly Mother but alone neither is regarded as ultimate The fellowship of believers is emphasized but value of the Church as an institution is seriously questioned *The Leader who is Hardly Known* Steven Simpson, 2003 The Zen of Cat Carla Francis, 2023-06-27 There's no doubt cats are a meaningful feature of Japanese life from folklore to fashion they've left a giant paw print on the culture It's believed that felines first appeared in Japan with the arrival of Buddhism via China in around 552 when their main role was to stop vermin from damaging scriptures But what can we learn from these philosophical felines Surely they can teach us a thing or two through the wisdom gleaned over the centuries residing in ancient temples and co existing with artists courtesans monks and writers The Zen of Cat is interwoven with stories and facts about cats Japan and Zen philosophy Carla Francis includes discussions with Japanese cat lovers and invites reflection and mindful mewsings on life through an A Z of Japanese words to inspire Cats are unburdened by worry They maintain an enviable equilibrium Maybe we can too
