The Healing Gods Of Ancient Civilizations:

The Healing Gods of Ancient Civilizations Walter Addison Jayne, 1925 **The Healing Gods of Ancient Civilizations /by Walter Addison Jayne** Walter Addison Jayne, 1962 [The Healing Gods of Ancient Civilizations](#) Walter Addison Jayne, 2013-10 This is a new release of the original 1925 edition **The Healing Gods of Ancient Civilizations** Bruce C. Jayne, 1925 *The Healing Gods of Ancient Civilization. By Walter Addison Jayne, M.D. New Haven: Yale University Press (1925). Pp. XXXIX + 569. \$5* Ernst Riess, University of St. Andrews. Library. Shewan Collection, 1928

The Classical World , 1928 **The Classical Weekly** , 1928 *Medicine and Health Care in Early Christianity* Gary B. Ferngren, 2016-08 Drawing on New Testament studies and recent scholarship on the expansion of the Christian church Gary B Ferngren presents a comprehensive historical account of medicine and medical philanthropy in the first five centuries of the Christian era Ferngren first describes how early Christians understood disease He examines the relationship of early Christian medicine to the natural and supernatural modes of healing found in the Bible Despite biblical accounts of demonic possession and miraculous healing Ferngren argues that early Christians generally accepted naturalistic assumptions about disease and cared for the sick with medical knowledge gleaned from the Greeks and Romans Ferngren also explores the origins of medical philanthropy in the early Christian church Rather than viewing illness as punishment for sins early Christians believed that the sick deserved both medical assistance and compassion Even as they were being persecuted Christians cared for the sick within and outside of their community Their long experience in medical charity led to the creation of the first hospitals a singular Christian contribution to health care A succinct thoughtful well written and carefully argued assessment of Christian involvement with medical matters in the first five centuries of the common era It is to Ferngren s credit that he has opened questions and explored them so astutely This fine work looks forward as well as backward it invites fuller reflection of the many senses in which medicine and religion intersect and merits wide readership Journal of the American Medical Association In this superb work of historical and conceptual scholarship Ferngren unfolds for the reader a cultural milieu of healing practices during the early centuries of Christianity Perspectives on Science and Christian Faith Readable and widely researched an important book for mission studies and American Catholic movements the book posits the question of what can take its place in today s challenging religious culture Missiology An International Review Gary B Ferngren is a professor of history at Oregon State University and a professor of the history of medicine at First Moscow State Medical University He is the author of *Medicine and Religion A Historical Introduction* and the editor of *Science and Religion A Historical Introduction* **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1992 **The Encyclopaedia Britannica** James Louis Garvin, Franklin Henry Hooper, Warren E. Cox, 1929
The Dictionary of Magic and Mystery Melusine Draco, 2012-04-16 Every good reference book is both a product and a reflection of its time The Dictionary of Magic Mystery is not just another compendium or dictionary of occultism it is a

jumping off point for further research Here the reader will find the ancient and modern interpretation for magical and mystical terms together with explanations for the differences between the varied and often conflicting approaches to magic

The Infancy of Medicine Dan McKenzie,1927 *Dictionary of Nature Myths* Tamra Andrews,2000 Comprehensive and cross referenced this informative volume is a rich introduction to the world of nature as experienced by ancient peoples around the globe 51 halftones **Imhotep** Jamieson Boyd Hurry,1926 The magician physician Imhotep served King Zoser who reigned 2630 2611 BC and unusually for a mortal had been elevated to full deity status as god of medicine by the Ptolemaic period This is a reprint of Hurry s 1926 account of the historical figure his deification and ancient Egyptian medicine

Cattle, Priests, and Progress in Medicine Calvin W. Schwabe,1978-05-26 Cattle Priests and Progress in Medicine was first published in 1978 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions The author shows that over the centuries many of the most significant breakthroughs in improving humans health have been closely associated with observations and experiments on animals other than man Because human medical progress has been so dependent on veterinary studies he urges that schools of veterinary medicine assume a much greater role in the training of persons for research in human medicine To illuminate the historical link between animals and man in medical progress Professor Schwabe recounts highlights in the history of medicine from ancient times onward He describes the early history of man in terms of animal cultures focusing on the prehistoric Nile Valley and points to similarities in medical knowledge between present day cattle societies in Northeastern Africa and the ancient people of the Nile He discusses the comparative healers of ancient Egypt the comparative foundations of Greek medicine the Arabic contribution Sicily and the beginnings of modern medicine and subsequent developments through the Renaissance Bringing the history down to modern times Professor Schwabe emphasizes the role of veterinary medicine in medical research He outlines specific reforms in the curricula of schools and colleges of veterinary medicine which would provide for the education of medical investigators *Illness and Health Care in the Ancient Near East* Hector Avalos,2019-05-27 Preliminary Material Peter Machinist Introduction Peter Machinist Greece Peter Machinist Mesopotamia Peter Machinist Israel Peter Machinist Conclusion Peter Machinist

Illustrations Peter Machinist Bibliography Peter Machinist Indices Peter Machinist **The Powerful Placebo** Arthur K. Shapiro,Elaine Shapiro,2000-10-17 Ranging from antiquity to modern times this history of the placebo effect is especially timely in light of renewed interest in the mind body relationship Until this century most medications prescribed by physicians were pharmacologically inert if not harmful That is physicians were prescribing placebos or worse without knowing it In a sense then the history of medical treatment until relatively recently is the history of the placebo effect Based on the authors lifelong study and clinical research this is a comprehensive and scholarly examination of the placebo effect The authors begin by surveying the use of placebos from antiquity to modern times They also examine the development use and validity of the

double blind controlled clinical trial And they present their own study of the placebo effect in more than 1000 patients Demonstrating both the magnitude and the limitations of the placebo effect the book helps to clarify knotty issues ranging from the evaluation of therapies to the ethics of conducting controlled studies in which patients are deliberately given placebos With the renewed interest in the mind body relationship as well as in the role of placebos in new and alternative medical procedures and therapies the findings of this book are especially timely **The Golden Wand of Medicine** Walter J. Friedlander,1992-04-20 The Caduceus two entwined snakes set upon a rod was the ancient symbol of Hermes the Greek god of merchants Today it is a common and popular symbol of the medical and allied professions This book traces the use of the caduceus symbol and answers the question of how it came to be the symbol of medicine The work begins with a discussion of the symbol s origin as the magic wand of Hermes Mercury the Greco Roman messenger of the gods and the later identification of Hermes with the Egyptian god Thoth whose characteristics included wisdom and eloquence In the 16th and 17th centuries Friedlander says the caduceus was associated with wise and eloquent individuals including some physicians However in the early 19th century it was adopted by a medical publisher as a sign not that he published medical books but that he was a commercial deliverer of information Friedlander goes on to indicate that in 1902 the sign was adopted by the U S Army as the insignia of its Medical Department The sign became widely recognized after the exposure it had during World War I It became frequently used and once popular bred popularity This book will be of interest to those in medical fields medical historians and those interested in symbology and iconology *The Churchman* ,1927

Encyclopedia of New Age Beliefs John Ankerberg,John Weldon,1996 This comprehensive indexed volume includes short one page listings of pertinent facts about a particular movement its founder how it claims to work scientific evaluations done and its potential dangers Some topics covered are angels visualization shamanism hypnosis new age medicine and martial arts
