Transnational Land Grabs and Restitution in an Age of the (De-)Militarised New Scramble for Africa: A Pan African Socio-Legal V. Warikandwa, Artwell Nhemachena, 2017-09-26 One of the fundamental challenges in deconstructing rethinking and remaking the world from a Pan African vantage point is that some captives have tended to delight in the warmth of the imperial predators mouth In other words some captives forget that the imperial predators mouth gets warm because empire is eating and heating up from prey on the continent De Militarisation Transnational Land Grabs and Restitution in an Age of the New Scramble for Africa A Pan African Socio Legal Perspective is a book that knocks on key aspects relating to land militarisation a PostAfrican World Order and a chaotic Post God World Order which require critical scholarly and policy attention in the quest to free Africa from centuries old imperial depredations The book carefully navigates the imperial entrapments which are designed to focus African attention only on decolonising African minds without also engaging in the imperially more unsettling decolonisation of African materialities *Japanese land cases* Japan. Consulate. San Francisco, 1925 **Land Law in Middle Eastern Countries** Oleg Igorevich Krassov, 2022 The monograph focuses on the basic features of the legal systems of the Middle Eastern countries land law in force in these countries Islamic land and water law Bedouin tribal land ownership customary water rights The monograph contains a description of the regime of property and land in Jewish law The author analyzes the current state of land law in the Middle Eastern countries including title to land title to other natural resources types of rights to land correlation of formal law and conventional land tenure systems For students graduate students and teachers of law schools employees of legislative executive and judicial authorities as well as for all those interested in issues of land civil law and comparative jurisprudence **Operations Manual for Federal Land Banks** United States. Farm Credit Administration, 1943 Large-Scale Land Investments in Least Developed Countries Luis Tomás Montilla Fernández, 2017-11-09 This book analyses large scale land investments for agricultural purposes in Africa s least developed countries from a law and economics perspective Focusing on the effects of foreign land investments on host countries local populations and the apparent failure of international law to create incentives to offset them it also examines the legal and economic mechanisms to hold investors accountable in cases where their investment leads to human rights violations Applying principal agent and contract theory it elucidates the sources of opportunism and develops control mechanisms to ameliorate the negative effects It shows that although judicial mechanisms fail to deliver justice international law offers alternatives to safeguard against arbitrary and abusive state and investor conduct and also to effectuate human rights and thus tackle opportunistic behaviour *Land Grabs in a Green African Economy* Nhamo, Godwell, Chekwoti, Caiphas, 2014-12-10 This book focuses on profiling from both literature based and primary research points of orientation instances of land grabs and or acquisitions with a focus on the implications of land grabs for trade investment and development policy in Africa under the global green economy transition agenda In many instances case studies and

examples paint a picture that could be of use to policy makers Overall the book advocates a satisfy satisfy orientation when land deals are made as well as total transparency from key actors building grassroots negotiation capacity and awareness To illustrate some of the emerging issues in terms of land grabs acquisition and their implications for trade investment and development policies the sixth Trade Policy Training Centre in Africa trapca conference took place in Arusha Tanzania on 24 and 25 November 2011 The conference had two objectives 1 to come up with concrete policy interventions and recommendations that would harness foreign investment in land on the continent and 2 to publish this edited book of selected papers presented at the conference that met the rigorous specifications laid down by the editors and publishers One of the major revelations to emerge from the Conference was that there is no vacant land in Africa In addition participants took the view that land deals in Africa needed to be done on a satisfy satisfy satisfy rather than a win win win basis This book is jointly published by trapca and the Africa Institute of South Africa AISA Alien Land Laws and Alien Rights Charles Forrest Curry,1921 **Togo Property, Land Ownership and Agricultural Laws Handbook - Strategic Information and Basic Laws** IBP, Inc,2013-04-04 Togo Land Ownership and Agriculture Laws Handbook **Normative Spaces and Legal Dynamics in Africa** Katrin Seidel,Hatem Elliesie,2020-06-09 African legal realities reflect an intertwining of transnational regional and local normative frameworks institutions and practices that challenge the idea of the sovereign territorial state This book analyses the novel constellations of governance actors and conditions under which they interact and compete The work follows a spatial approach as the emphasis on normative spaces opens avenues to better understand power relations processes of institutionalization and the production of legitimacy and normativities themselves Selected case studies from thirteen African countries deliver new empirical data and grounded insights from and into particular normative spaces The individual chapters explore the interrelationships between various normative orders diverse actors and their influences The encounters between different normative understandings and actors open up space and multiple forums for negotiating values The authors analyse how different doctrines institutions and practices are constructed contested negotiated and adapted in translation processes and thereby continuously reshape Africa s multidimensional normative spaces The volume delivers nuanced views of jurisprudence in Africa and presents an excellent resource for scholars and students of anthropology legal geography legal studies sociology political sciences international relations African studies and anyone wishing to gain a better understanding of how legal constellations are shaped by unreflected assumptions about the state and the rule of law *Atlantic Reporter* ,1899 Complete Land Law Barbara Bogusz,Roger Sexton,2022 Complete Land Law offers students a blend of concepts with analytical commentary combined with carefully selected cases and extracts which stimulate critical thinking and promotes a complete understanding of how the law works in practice **Land Law** Chris Bevan,2024-04-23 The most engaging analysis of land law s key themes developing a sophisticated understanding through a straightforward style Academically rigorous yet welcoming and fully attuned to the needs of the student reader

Whose Land Is Our Land? Peter Hetherington, 2015-08-26 In recent decades rising land prices and ever increasing demand for housing have made it incredibly difficult for farms to sustain themselves in Britain with dangerous consequences for food supplies. Government attention to the issue has been limited at best which has led to speculation and the loss of more and more farmland. With *Whose Land Is Our Land* Peter Hetherington mounts a powerful argument for a more active forward thinking policy one that acknowledges the importance of farming rural society and food security and takes stronger action to curb speculation and rampant overbuilding.
