The Hanging Of Wilhelm Oberdank:

The Hanging of Wilhelm Oberdank Alfred Alexander,1977 *Discovery of the World* Luciana Castellina,2014-05-06

Luciana Castellina is one of Italy's most prominent left intellectuals and a cofounder of the newspaper *il manifesto*. In this coming of age memoir based on her diaries she recounts her political awakening as a teenage girl in Fascist Italy where she used to play tennis with Mussolini's daughter and the subsequent downfall of the regime. *Discovery of the World* is about war, anti-Semitism, anti-fascism, resistance, the belief in social justice, the craving for experience, travel, political rallies, cinema, French intellectuals and FIAT workers, international diplomacy and friendship. All this is built on an intricate web made of reason and affection, of rational questioning and ironic self-narration as well as of profound nostalgia, disappointment and discovery.

The Decline and Fall of the Habsburg Empire, 1815-1918 Alan Sked,2015-12-14 A new and revised edition of Alan Sked's groundbreaking book which examines how the Habsburg Empire survived the revolutionary turmoil of 1848. The Year of Revolutions saw the whole of Europe convulsed in turmoil and revolt. Yet the Habsburg Empire survived. As state after state succumbed to the violent winds of change that were sweeping the continent, how did the Habsburg Empire survive? How was the army able to hold together while the rest of the empire collapsed in civil war and how was it able to seize the political initiative? In this new edition Alan Sked reflects on the changed understanding of the period which resulted from the first appearance of this book and widens the discussion to look at the Habsburg Empire alongside the decline of the Russian and German Empires, arguing that it is possible to understand their decline from a broad European perspective as opposed to the overly narrow focus of recent explanations. Alan Sked makes us look at familiar events with new eyes in this radical, vigorously written classic which is essential reading for anyone interested in the history of nineteenth-century Europe.

Gendarmes and the State in Nineteenth-Century Europe Clive Emsley,1999-10-14 The history of police and policing have been the subject of much interest and research in recent years but this book provides the first serious academic exploration of the origins and development of the role of soldier-policemen, the gendarmeries of nineteenth-century Europe. The author presents a detailed account of the French gendarmeries from the old regime up to the First World War and looks at the reasons for how and why this model came to be exported across continental Europe in the wake of the Revolutionary and Napoleonic armies. In particular, their role is examined within the differing national contexts of Italy, Germany and the Habsburg Empire. The gendarmeries, it is argued, played a significant role in establishing the state, particularly in rural areas. As the physical manifestation of the state, gendarmes carried the state's law and a promise of protection whilst at the same time ensuring in turn that the state received its annual levies of conscripts and taxes. This account fully explores how the organisation and style of nineteenth-century soldier policing in France developed in such a way that it brought the idea of the state and the state's law to much of twentieth-century continental Europe.

Twilight of the Habsburgs Alan Palmer,1997-02-12 Presents a biography of the emperor of Austria as well as a history of Europe during his reign. History

in Exile Pamela Ballinger, 2018-06-05 In the decade after World War II up to 350 000 ethnic Italians were displaced from the border zone between Italy and Yugoslavia known as the Julian March History in Exile reveals the subtle yet fascinating contemporary repercussions of this often overlooked yet contentious episode of European history Pamela Ballinger asks What happens to historical memory and cultural identity when state borders undergo radical transformation She explores displacement from both the viewpoints of the exiles and those who stayed behind Yugoslavia's breakup and Italy's political transformation in the early 1990s she writes allowed these people to bring their histories to the public eye after nearly half a century Examining the political and cultural contexts in which this understanding of historical consciousness has been formed Ballinger undertakes the most extensive fieldwork ever done on this subject not only around Trieste where most of the exiles settled but on the Istrian Peninsula Croatia and Slovenia where those who stayed behind still live Complementing this with meticulous archival research she examines two sharply contrasting models of historical identity yielded by the Istrian exodus those who left typically envision Istria as a pure Italian land stolen by the Slavs whereas those who remained view it as ethnically and linguistically hybrid We learn for example how members of the same family living a short distance apart and speaking the same language came to develop a radically different understanding of their group identities Setting her analysis in engaging jargon free prose Ballinger concludes that these ostensibly very different identities in fact share a startling degree of conceptual logic

Isonzo John R. Schindler, 2001-04-30 This is the first account in English of a much overlooked but important First World War battlefield located in the mountains astride the border between Italy and the Austro-Hungarian Empire Not well known in the West the battles of Isonzo were nevertheless ferocious and compiled a record of bloodletting that totaled over 1.75 million for both sides In sharp contrast to claims that neither the Italian nor the Austrian armies were viable fighting forces Schindler aims to bring the terrible sacrifices endured by both armies back to their rightful place in the history of 20th century Europe The Habsburg Empire he contends lost the war for military and economic reasons rather than for political or ethnic ones Schindler's account includes references to remarkable personalities such as Mussolini Tito Hemingway Rommel and the great maestro Toscanini This Alpine war had profound historical consequences that included the creation of the Yugoslav state the problem of a rump Austrian state looking to Germany for leadership and the traumatic effects on a generation of young Italian men who swelled the ranks of the fascists After nearly a century Isonzo can assume its proper place in the ranks of the tragic Great War clashes alongside Verdun the Somme and Passchendaele
