before Him for twenty six months in order to write these articles The number of titles I received from Him was over one thousand and two hundred and the number of articles I received was over nine hundred When I received my first article I prayed and God forcefully gave it to me However at this time I just pray in front of the keyboard in order to receive messages I hope these messages from the Lord will reveal the greatness of the Lord and thereby I and all people glorify the Lord I hope that the leaders and people who have broken God s heart will turn to the right attitude because of these messages of the Lord and those who have made the Lord s heart sad will be the ones who please Him Finally at the end of each message of the Lord is provided the date or year of writing      **Gayani Meditations - Volume One** Cherag Hamid Cecil

Hazrat Inayat Khan: The Unity of Religious Ideals Hazrat Inayat Khan,2020-09-28 We often confuse unity with uniformity In reality it is the spirit of unity which creates uniformity for the sake of its beauty and protection it gives Throughout all ages both have existed unity as the inner nature of every soul and the only purpose of life and uniformity to help to fulfill that purpose Unity is the goal and uniformity the means to reach that goal but often the means has obscured the purpose All through the ages the different religions which have been given to man for his spiritual development with the sole idea of unity have gradually become a kind of community or nationality Many people who belong to a Church accept its dogmas claim a certain name for their religion and consider all other children of God as separate by doing so they lose the very seed of wisdom for whose development that religion was given This error has existed from the beginning so that instead of touching the true spirit people have lost reality by seeking a false objective Religious differences have caused endless wars and disasters for the human race The reason of this is that the spirit of unity has not been recognized while undue regard has been paid to uniformity In the present age when the spirit of religion is at its lowest ebb and only the uniformity remains

divisions of classes and discords of all kinds spring up one party one class against another the spirit of rivalry jealousy and destruction everywhere The effect of this has been to keep man away from the consciousness of God Very few indeed recognize Him all humanity is laboring under a great unrest and yet man thinks he is progressing while all the time he only progresses towards still greater unrest There can never be true progress when nations and kingdoms and peoples are divided for when the races are divided then subdivisions come and classes and parties also become divided The same spirit of destruction is at work all the time and even families become separated Unity seems to be rooted out from the hearts of men

**Gathas** Hazrat Inayat Khan,2020-09-28 There is a remarkable phrase in the Bible here it says Eat My flesh and drink My blood says Christ What does He mean by saying this He means in the first place that what a living being loves most is his food what he loves most he eats It has been proved in ferocious and dreadful famines by people eating their own children that food is dearer than their own child The word of Christ therefore Find out what it is in Me that you love which may become your nourishment which may become your food It is not this My flesh and blood this will not be sufficient to satisfy your appetite There is another part of My being which is in abundance and can nourish My numberless devotees Therefore before trying to eat My flesh and blood try to find out on what plane I really exist and what is My true being The lives of all the great saints show that not only their adversaries and opponents but also their near and dear friends have proved to be among their worst enemies There is a creature which loves its mate so much that it eats it Now as to the question what it is that Christ speaks of as his flesh and blood His flesh is the knowledge of God and His blood is the love of God because it is love that has a tendency so to speak to excite the circulation and it is knowledge which has the tendency to strengthen making man firm of which flesh is the symbol One thing without the other would be abnormal For instance flesh without blood or blood without flesh both are not normal conditions What gives normal health to the body and to the soul is flesh and blood both In the religious custom of the sacrament of bread and wine it is this secret which is symbolically expressed
