Snake Country Expedition Of 1830 1831:

The Snake Country expedition of 1830-1831 John Work, Francis D. Haines, 1971 *The Snake Country Expedition of 1830-1831* John Work, **Contested Empire** John Phillip Reid, 2002 Do law and legal procedures exist only so long as there is an official authority to enforce them Or do we have an unspoken sense of law and ethics To answer these questions John Phillip Reid's *Contested Empire* explores the implicit notions of law shared by American and British fur traders in the Snake River country of Idaho and surrounding areas in the early nineteenth century Both the United States and Great Britain had claimed this region and passions were intense Focusing mainly on Canadian explorer and trader Peter Skene Ogden Reid finds that both side largely avoided violence and other difficulties because they held the same definitions of property contract conversion and possession In 1824 the Hudson's Bay Company directed Ogden to decimate the furbearing animal population of the Snake River country thus marking the region a fur desert With this mandate Great Britain hoped to neutralize any interest American furtrappers could have in the area Such a mandate set British and American fur men on a collision course but Ogden and his American counterparts implicitly followed a kind of law and procedure and observed a mutual sense of property and rights even as the two sides vied for control of the fur trade Failing to take legal culture into consideration some previous accounts have depicted these conflicts as mere episodes of lawless frontier violence Reid expands our understanding of the West by considering the unspoken sense of law that existed despite the lack of any formalized authorities in what had otherwise been considered a lawless time **Southwestern Idaho, Class I Cultural Resources Overview**, 1982 **Southwestern Idaho, class I cultural resources overview, for the Bureau of Land Management, Boise and Shoshone District, Idaho ; submitted by Professional Analysts**, 1982 **Southeastern Idaho, Cultural Resources Overview, Burley and Idaho Falls Districts** John G. Franzen, 1983 **Underwater Methods for Study of Salmonids in the Intermountain West** Russell F. Thurow, 1994 **Wiyaxayxt / Wiyaakaa'awn / As Days Go By** Jennifer Karson, 2014-10-06 This book represents a new vista looking past the days when there were two distinct groups those who were studied and those who studied them This history of the Umatilla Cayuse and Walla Walla people had its beginnings in October 2000 when elders sat side by side with native students and native and non native scholars to compare notes on tribal history and culture Through this collaborative process tribal members of the Confederated Tribes of the Umatilla Indian Reservation have taken on their own historical retellings drawing on the scholarship of non Indians as a useful tool and external resource Primary to this history are native voices telling their own story Beginning with ancient teachings and traditions moving to the period of first contact with Euro Americans the Treaty council war and the reservation period and then to today's modern tribal governance and the era of self determination the tribal perspective takes center stage Throughout readers will see continuity in the culture and in ways of life that have been present from the earliest times all on the same landscape Wiyaxayxt Columbia River Sahaptin and Wiyaakaa'awn Nez Perce can be interpreted to mean as the days

go by day by day or daily living They represent the meaning of the English term history in two of the common languages still spoken on the Umatilla Indian Reservation *Formation Processes and Chronology of Dune Islands at Malheur National Wildlife Refuge, Harney County, Oregon* Daniel P. Iroquois in the West Jean Barman,2019-03-04 Two centuries ago many hundreds of Iroquois principally from what is now Kahnaw ke left home without leaving behind their ways of life Recruited to man the large canoes that transported trade goods and animal pelts from and to Montreal some Iroquois soon returned while others were enticed ever further west by the rapidly expanding fur trade Recounting stories of Indigenous self determination and self sufficiency Iroquois in the West tracks four clusters of travellers across time place and generations a band that settled in Montana another ranging across the American West others opting for British Columbia and the Pacific Northwest and a group in Alberta who were evicted when their longtime home became Jasper National Park Reclaiming slivers of Iroquois knowledge anecdotes and memories from the shadows of the past Jean Barman draws on sources that range from descendants recollections to fur trade and government records to travellers accounts What becomes clear is that no matter the places or the circumstances the Iroquois never abandoned their senses of self Opening up new ways of thinking about Indigenous peoples through time Iroquois in the

West shares the fascinating adventures of a people who have waited over two hundred years to be heard *Born of Lakes and Plains: Mixed-Descent Peoples and the Making of the American West* Anne F. Hyde, 2022-02-15 Finalist for the 2023 Stubbendieck Great Plains Distinguished Book Prize Immersive and humane Jennifer Szalai New York Times A fresh history of the West grounded in the lives of mixed descent Native families who first bridged and then collided with racial boundaries Often overlooked there is mixed blood at the heart of America And at the heart of Native life for centuries there were complex households using intermarriage to link disparate communities and create protective circles of kin Beginning in the seventeenth century Native peoples Ojibwes Otoes Cheyennes Chinooks and others formed new families with young French English Canadian and American fur traders who spent months in smoky winter lodges or at boisterous summer rendezvous These families built cosmopolitan trade centers from Michilimackinac on the Great Lakes to Bellevue on the Missouri River Bent's Fort in the southern Plains and Fort Vancouver in the Pacific Northwest Their family names are often imprinted on the landscape but their voices have long been muted in our histories Anne F Hyde's pathbreaking history restores them in full Vividly combining the panoramic and the particular *Born of Lakes and Plains* follows five mixed descent families whose lives intertwined major events imperial battles over the fur trade the first extensions of American authority west of the Appalachians the ravages of imported disease the violence of Indian removal encroaching American settlement and following the Civil War the disasters of Indian war reservations policy and allotment During the pivotal nineteenth century mixed descent people who had once occupied a middle ground became a racial problem drawing hostility from all sides Their identities were challenged by the pseudo science of blood quantum the instrument of allotment policy and their traditions by the Indian schools established to erase Native ways As Anne F Hyde shows they navigated the hard choices they faced as they had for centuries by relying on the rich resources of family and kin Here is an indelible western history with a new human face **Quarterly**, 1913 **Northwest Historical Series**, 1923 **The Pacific Historical Review** Anna Marie Hager, 1976 The American Neptune, 1968 A quarterly journal of maritime history **French Canadians, Furs, and Indigenous Women in the Making of the Pacific Northwest** Jean Barman, 2015-02-25 Jean Barman was the recipient of the 2014 George Woodcock Lifetime Achievement Award In *French Canadians Furs and Indigenous Women in the Making of the Pacific Northwest* Jean Barman rewrites the history of the Pacific Northwest from the perspective of French Canadians attracted by the fur economy the indigenous women whose presence in their lives encouraged them to stay and their descendants Joined in this distant setting by Quebec paternal origins the French language and Catholicism French Canadians comprised Canadiens from Quebec Iroquois from the Montreal area and m tis combining Canadien and indigenous descent For half a century French Canadians were the largest group of newcomers to this region extending from Oregon and Washington east into Montana and north through British Columbia Here they facilitated the early overland crossings drove the fur economy initiated non wholly indigenous agricultural settlement eased relations with indigenous peoples and ensured

that when the region was divided in 1846 the northern half would go to Britain giving today's Canada its Pacific shoreline

The Old Oregon Country Oscar Osburn Winther, 1950-01-01 The Pacific Northwest the old Oregon country was one of the most remote and inaccessible frontier areas but it was also known to be rich in natural resources The opening up of this region is a story of courage endurance and pioneer enterprise Transportation in this rugged country was a problem to the settlers who would promote commerce and travel just as it was a problem to the earlier fur traders The construction of roads and development of water routes progressed through the years until the railroad finally came to the Northwest but at no time did the scarcity of roads prevent settlers from pushing back the frontier Here the whole story of travel and travelers in this region is told for the first time The book is based largely on primary sources and as such is a contribution to history As an account of courage and ingenuity transportation monopoly against transportation monopoly and man versus nature it is fascinating reading University Professor of History at Indiana University O O Winther is the author of Express and Stagecoach Days in California and Via Western Express and Stagecoach
