Snapshots Of A Daughter In Law Poems 195:

Scheming Women Cynthia Hogue, 1995-01-01 This book uses post structuralist psychoanalytic and feminist theories to read the poetry of Dickinson Moore H D and Rich American Literature in Transition, 1960-1970 David Wyatt, 2018-09-13 The decade of the 1960s has come to occupy a uniquely seductive place in both the popular and the historical imagination While few might disagree that it was a transformative period the United States remains divided on the question of whether the changes that occurred were for the better or for the worse Some see it as a decade when people became more free others as a time when people became more lost American Literature in Transition 1960 1970 provides the latest scholarship on this time of fateful turning as seen through the eyes of writers as various as Toni Morrison Gary Snyder Michael Herr Amiri Baraka Joan Didion Louis Chu John Rechy and Gwendolyn Brooks This collection of essays by twenty five scholars offers analysis and explication of the culture wars surrounding the period and explores the enduring testimonies left behind by its literature **American Poetry since 1945** Eleanor Spencer-Regan, 2017-09-16 This book features a collection of essays on some of the key poets of post war America written by leading scholars in the field All the essays have been newly commissioned to take account of the diverse movements in American poetry since 1945 and also to reflect retrospectively on some of the major talents that have shaped its development In the aftermath of the Second World War American poets took stock of their own tumultuous past but faced the future with radically new artistic ideals and commitments More than ever before American poetry spoke with its own distinctive accents and declared its own dreams and desires This is the era of confessionalism beat poetry protest poetry and avant garde postmodernism This book explores the work of John Berryman Robert Lowell Elizabeth Bishop Adrienne Rich and Sylvia Plath as well as contemporary African American poets and new poetic voices emerging in the 21st century This New Casebook introduces the major American poets of the post war generation evaluates their achievements in the light of changing critical opinion and offers lively incisive readings of some of the most challenging and enthralling poetry of the modern era An American Triptych Wendy Martin, 2016-09-01 Anne Bradstreet Emily Dickinson and Adrienne Rich share nationality gender and an aesthetic tradition but each expresses these experiences in the context of her own historical moment Puritanism imposed stringent demands on Bradstreet romanticism both inspired and restricted Dickinson and feminism challenged as well as liberated Rich Nevertheless each poet succeeded in forming a personal vision that counters traditional male poetics Their poetry celebrates daily life demonstrates their commitment to nurturance rather than dominance shows their resistance to the control of both their earthly and heavenly fathers and affirms their experience in a world that has often denied women a voice Wendy Martin recreates the textures of these women s lives showing how they parallel the shifts in the status of American women from private companion to participant in a wider public life The three portraits examine in detail the life and work of the Puritan wife of a colonial magistrate the white robed reclusive New England seer and the modern feminist and lesbian activist Their poetry Martin

argues tells us much about the evolution of feminist and patriarchal perspectives from Bradstreet's resigned acceptance of traditional religion to Dickinson's private rebellion to Rich's public criticism of traditional masculine culture. Together these portraits compose the panels of an American triptych. Beyond the dramatic contrasts between the Puritan and feminist vision, Martin finds striking parallels in form. An ideal of a new world, whether it be the city on the hill or a supportive community of women, inspires both. Like the commonwealth of saints, this concept of a female collectivity, which all three poets embrace, is a profoundly political phenomenon based on a pattern of protest and reform that is deeply rooted in American life. Martin suggests that through their belief in regeneration and renewal, Bradstreet, Dickinson, and Rich are part of a larger political as well as literary tradition. *An American Triptych* both enhances our understanding of the poets' work as part of the web of American experience and suggests the outlines of an American female poetic.

American Poetry after Modernism Albert Gelpi, 2015-03-09. Albert Gelpi's *American Poetry after Modernism* is a study of sixteen major American poets of the postwar period from Robert Lowell to Adrienne Rich. The Cambridge Introduction to American Poetry since 1945 Andrew Epstein, 2022-12-15. Contemporary American poetry can often seem intimidating and daunting in its variety and complexity. This engaging and accessible book provides the first comprehensive introduction to the rich body of American poetry that has flourished since 1945 and offers a useful map to its current landscape. By exploring the major poets, movements, and landmark poems at the heart of this era, this book presents a compelling new version of the history of American poetry that takes into account its variety and breadth, its recent evolution in the new millennium, its ever-increasing diversity, and its ongoing engagement with politics and culture. Combining illuminating close readings of a wide range of representative poems with detailed discussion of historical, political, and aesthetic contexts, this book examines how poets have tirelessly invented new forms and styles to respond to the complex realities of American life and culture.

Our Emily Dickinsons Vivian R. Pollak, 2017. *Our Emily Dickinsons* situates Dickinson's life and work within larger debates about gender, sexuality, and literary authority in America. Examining Dickinson's influence on Marianne Moore, Sylvia Plath, Elizabeth Bishop, and others, Vivian R. Pollak complicates the connection between authorial biography and poetry that endures.

Rewriting Shakespeare, Rewriting Ourselves Peter Erickson, 1994-02. Participants in the current debate about the literary canon generally separate the established literary order of which Shakespeare is the most visible icon from the emergent minority literatures. In this challenging study, Peter Erickson insists on bringing the two realms together. He asks what impact does a revision of the literary canon have on Shakespeare's status? Part One of his book is about Shakespeare on women. In analyses of several Shakespearean works, Erickson discusses Shakespeare's ambivalence about women as a reflection of male anxiety about the cultural authority of Queen Elizabeth. Part

Two is about contemporary women on Shakespeare Erickson discusses Adrienne Rich's revision of the very concept of canon and discusses how several African American women writers in particular Maya Angelou and Gloria Naylor have reflected on the ambivalent status of Shakespeare in their worlds Erickson here offers a model for multicultural literary criticism and a new conceptual framework with which to discuss issues of identity politics *Rewriting Shakespeare Rewriting Ourselves* makes an important contribution to the national debate about educational policy in the humanities **Paperbound Books in Print**, 1968 *Women Poets, Male Publishers* Lise Jaillant, 2025-03-17 We are often told that the women's movement of the 1960s and 1970s led to the rediscovery of forgotten women writers Without feminist presses such as Virago these women would have sunk into obscurity Thanks to Carmen Callil and other trailblazing feminist publishers a canon of women's literature emerged and living writers managed to survive and sometimes thrive in a literary marketplace that had so far been dominated by men Although obstacles remained the story is one of the triumphs over a misogynistic publishing industry a sector that had once sought to erase women writers of the past marginalise living authors and close the doors to any future legacy There are two problems with this oft repeated story First it focuses mainly on fiction rather than poetry founded in 1973 Virago did not start publishing poetry until the early 1980s Second it neglects the major role that conservative male publishers played in re-discovering women poets in post 1960s Britain With the growing influence of the Women's Liberation movement these publishers realised that there was a growing market for poetry by women At the same time the Arts Council of Great Britain started pushing for more diversity nudging its clients to make more room for women and ethnic minorities Drawing on extensive archival work and oral history interviews this open access book pushes the boundaries of a scholarship that has focused mainly on women's poetry in relation to women's presses Archival documents show the influence of the Arts Council and the market in pushing conservative publishers towards more diversity This evolution has had long term consequences on the canon of women's poetry a canon that was largely shaped by conservative publishing houses rather than radical feminist presses *Rebound*, 2004-01-01 This pioneering collection of new essays challenges established modes of reading American lyric poetry by orientating interpretation so that it incorporates an awareness of the book context in which individual poems are embedded These essays critically explore individual books by Walt Whitman Wallace Stevens Robert Frost Ezra Pound Hart Crane William Carlos Williams Randall Jarrell Robert Lowell Adrienne Rich Susan Howe Lyn Hejinian and Jorie Graham and consider the book as a restrictive binding concept for Emily Dickinson and some contemporary American poets *Rebound* both provides innovative readings of supposedly familiar poets and books and also generates critical strategies for renewed engagement with American poetry traditions As a speaking whole *Rebound* addresses a rich variety of topics intentionality as hermeneutic the architecture and artefacture of the book gender identity and the book the positioning of the book in postmodern poetics the consequences of textual history for interpretation and reception and the American poetry book as metonym for nation Contributors Domhnall Mitchell Eldrid Herrington Charles
