Robert A. Sadowski, 2015-07-21 Long range shooting in the United States is as old as this country is young. Shooters have always had a fascination with shooting at distance whether they are plinkers, competitive shooters or hunters. The ability to place rifle bullets in the same hole of a target or kill an animal quickly is a goal to which we all aspire. In recent years the interest in tactical precision rifles has increased with many factory and custom rifle makers plying their art producing rifles that can easily outperform the ability of many shooters. Expert Robert A. Sadowski proves to be a masterful instructor on all aspects related to precision shooting in the *Shooter's Bible Guide to Tactical Firearms*. This *Shooter's Bible* guide will help new and experienced shooters in making smart equipment purchases that range from rifles and optics to ammunition and gear. The shooting school section provides instructions for those of us who have had no formal training. For experienced shooters having current information on hand in one place can be an invaluable resource. And no *Shooter's Bible* guidebook is complete without a detailed products section showcasing rifles from all across the market. Other topics covered include Top 10 long range rifles, Precision rifle maintenance, Anatomy of a riflescope, Shooting technique, positions and drills. And much more. Pick up a copy of the *Shooter's Bible Guide to Tactical Firearms* to learn everything you need to know about precision long range shooting. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home. *The Beretta M9 Pistol* Leroy Thompson, 2011-09-20 In 1990 the Beretta M9 replaced the venerable Colt 1911 as the main pistol of choice for the US Army and it has seen widespread use in Iraq and Afghanistan. Written by a leading pistol expert who currently trains US Special Forces in the use of this weapon, this book is an honest appraisal of the successes and failings of the 9mm Beretta. The volume traces the Beretta designs that preceded the M9 as well as its use on the battlefield including the impact it has had on close combat training due to its larger magazine capacity. It also details the adoption of the Beretta by US law enforcement agencies and the impact this has had. This is a fascinating history of a classic pistol and an assessment of its future use. **Inside the Crosshairs** Col. Michael Lee Lanning, 2013-06-19 The American sniper could be regarded as the greatest all around rifleman the world has ever known. At the start of the war in Vietnam the United States had no snipers; by the end of the war Marine and army precision marksmen had killed more than 10,000 NVA and VC soldiers, the equivalent of an entire division at the cost of under 20,000 bullets, proving that long range shooters still had a place in the

battlefield Now noted military historian Michael Lee Lanning shows how U S snipers in Vietnam combining modern technology in weapons ammunition and telescopes used the experience and traditions of centuries of expert shooters to perfect their craft To provide insight into the use of American snipers in Vietnam Lanning interviewed men with combat trigger time as well as their instructors the founders of the Marine and U S Army sniper programs and the generals to whom they reported Backed by hard information and firsthand accounts the author demonstrates how the skills these one shot killers honed in the jungles of Vietnam provided an indelible legacy that helped save American lives in Grenada the Gulf War and Somalia and continues to this day with American troops in Bosnia

**The Gun Book for Girls** Silvio Calabi, Steve Helsley, Roger Sanger, 2013-09-16 This third installment in the popular series of practical books about guns and shooting is aimed at women of all ages the fastest growing segment of the sport and it couldn't come at a better time America and firearms literally grew up together but today guns are often simply linked to crime and violence gun control has become a polarizing political issue and misinformation about firearms is spreading Now three experts have tackled the subject in a series of books that explores the realities of guns and shooting and sets the record straight about some common misconceptions On the heels of *The Gun Book for Boys* and *The Gun Book for Parents* *The Gun Book for Girls* is for girls and women interested in guns and shooting but who have little or no background in firearms Through example and anecdote the book emphasizes safety and proper usage and it defines terms and provides hands on advice about using and maintaining guns It also covers firearms shooting methods clothing and accessories for women profiles females who shoot and who work in the gun trade and discusses the issues around guns for self defense a topic of special interest to women Like the other two titles this book is non political and written in an easy to understand conversational tone Each book is thoroughly illustrated and content is presented in easily managed portions that can be read in series or singly all backed up with an index

**The Final Crucible** Lee Ballenger, 2006 Close quarters combat during the Korean War

**Silent Warrior** Charles Henderson, 2003-01-07 The author of the bestselling Vietnam War memoir *Marine Sniper* continues the incredible true story of Sergeant Carlos Hathcock In the United States Marine Corps the most dangerous job in combat is that of the sniper With no backup and little communication with the outside world these men disappeared for weeks on end in the wilderness with nothing but intellect and iron will to protect them as they would watch wait and finally strike But of all of the snipers who ever hunted human prey one man stands above and beyond as one of the most legendary fighting men ever to pull a trigger That man was Carlos Hathcock In *Marine Sniper* the true life missions of United States Marine Corps sniper Carlos Hathcock were revealed in explosive detail Now the incredible story of a remarkable Marine continues with harrowing never before published accounts of courage and perseverance These are the powerful stories of a man who rose to greatness not for personal gain or glory but for duty and honor A rare inside look at the U S Marine's most challenging missions and the one man who made military history
