Had his life on speed searching for the other half. From the  
glitter-sweet of Parisian nights . . . to the bomb-bursts of  
Madrid . . . through the hippopotamus-forming waters of thrilling  
Africa . . . he was a man in search of his soul - and a woman.  
And at the foot of the mountain of Kilimanjaro, he had come to  
the end - for his life as well as his loves had been a sin!

Most scientists believe that the glaciers are disappearing because of changes in the weather of eastern Africa and because of human actions How is the ice disappearing Who will be affected by the loss of the glaciers What can you do to help These questions are answered in the pages of this book The Snows of Kilimanjaro Ernest Hemingway, 2001
