Wheelchair Field Events James R. Little, 1997-09 Introduces wheelchair field events relates the history of these activities for the physically handicapped and discusses the rules equipment and training needed to participate safely Researching Disability Sport Ben Powis, James Brighton, P. David Howe, 2022-12-12 Marking a new direction for disability sport scholarship this book explores cutting edge issues and engages creatively with contemporary approaches to research in this important emerging discipline Featuring contributions from leading and up and coming scholars around the world the book's wide ranging chapters offer novel perspectives on the relationship between theory method and empiricism in disability sport research and highlight how researchers can be both innovative and informed when entering the field It also explores methodological considerations when conducting disability sport research including social cultural and political reflections of the research process from disabled and non disabled academics This much needed resource supports disability sport scholars in developing a conceptual grounding in the subject and establishes a space for intersectional accounts of sport and physical activity which challenge homogenous understandings of disability This book is essential reading for any student or researcher working in disability sport adapted physical activity or adapted physical education and a valuable reference for anybody with an interest in the sociology of sport disability studies cultural studies the body or research methodology
Theology and Down Syndrome Amos Yong, 2007 While the struggle for disability rights has transformed secular ethics and public policy traditional Christian teaching has been slow to account for disability in its theological imagination Amos Yong crafts both a theology of disability and a theology informed by disability The result is a Christian theology that not only connects with our present social medical and scientific understanding of disability but also one that empowers a set of best practices appropriate to our late modern context Publisher description **Sports** Tim Delaney, Tim Madigan, 2009-05-16 Why do billions of people around the world love sports The popular media is increasingly dedicated to the heated rivalries of sports teams academic institutions are held in its thrall sports metaphors are commonplace in our language and most individuals participate in athletics or follow a team sport in some variation This entertaining and informative book attempts

to find out why by examining sports in all its facets The authors provide an overview of the history of sports with a constant focus upon the social conditions through which sport arises and by which it continues to thrive *Sports, Religion and Disability* Nick J. Watson, Andrew Parker, 2016-04-14 This ground breaking book provides a fascinating insight into the relationship between sports and leisure religion and disability In the shadow of the London 2012 Olympic and Paralympic Games at which athletes that were both able bodied and disabled provided an extravaganza of sporting excellence and drama this text is a timely and important synthesis of ideas that have emerged in two previously distinct areas of research i disability sport and ii the theology of disability Many of the elite athletes at this global sporting mega event often explicitly displayed their religious beliefs and in turn their importance in the context of sport by observing different religious rituals and or utilising the multi faith sports chaplaincy service This raises a whole range of unanswered questions with regard to the intersections between sports religion and disability which to date has been under researched Examples of subjects addressed in this text include elite physical disability sport Paralympics intellectual disability sport Special Olympics reflections on the illness narrative of the cyclist Lance Armstrong through the lens of the theology of radical orthodoxy the application of biblical athletic metaphors in understanding modern conceptions of disability sport the role of sport and spirituality in the rehabilitation of injured British Military personnel and the importance of sports and leisure in L Arche communities This book begins a critical conversation on these topics and many others for both researchers and practitioners This book was based on two special issues of the Journal of Religion Disability and Health **Unleash Different** Rich Donovan, 2018-09-04 If you discovered a new market comprising 53% of the world s population would you act to invest in it There are 1 3 billion people around the world who identify as having a disability When you include friends and family the disability market touches 53% of all consumers It is the world s largest emerging market Unleash Different illustrates how companies like Google PepsiCo and Nordstrom are attracting people with disabilities as customers and as employees Replacing nice to do with return on investment allows market forces to take over and the world s leading brands to do what they do best serve a market segment in this case the disability market Business managers will come to understand how taking a charity oriented approach to people with disabilities has failed what action is required to capitalize on the world s biggest emerging market and how their organizations can grow revenue and cut costs by attracting people with disabilities as customers and talent Rich gives the reader a peek into how he rose from a Canadian school for crippled children to manage 6 billion for one of Wall Street s leading firms He makes it easy to relate to the business goal of serving disability because he has actually done it *Theology, Disability and Sport* Nick J. Watson, Kevin Hargaden, Brian Brock, 2020-01-24 This ground breaking book provides fascinating insights into the fast emerging body of research that explores the relationship between sport theology and disability within a social justice framework In the shadow of two major sport faith events that fore fronted the theology of disability sport the Vatican s international conference Sport at the Service of

Humanity and the Inaugural Global Congress on Sports and Christianity York St John University UK at which Dr Brian Brock led a thematic strand on the topic this book provides a foundation for further research and practice This text is a timely and important synthesis of ideas that have emerged in two previously distinct areas of research i disability sport and ii the theology of disability Examples of subjects addressed in this text include elite physical disability sport Paralympics intellectual disability sport Special Olympics equestrian sport church sport and disability and theologies of embodiment competition and mercy This book written by leaders in their respective fields begins a critical conversation on these topics and many others for both researchers and practitioners The chapters originally published in the Journal of Disability and Religion and Quest
