Cox, 2018-03-15 Once upon a time it was impossible to drive through the South without coming across signs to See Rock City or similar tourist attractions From battlegrounds to birthplaces and sites in between heritage tourism has always been part of how the South attracts visitors and defines itself yet such sites are often understudied in the scholarly literature As the contributors to this volume make clear the narrative of southern history told at these sites is often complicated by race influenced by local politics and shaped by competing memories Included are essays on the meanings of New Orleans cemeteries Stone Mountain Georgia historic Charleston South Carolina Yorktown National Battlefield Selma Alabama as locus of the civil rights movement and the homes of Mark Twain Margaret Mitchell and other notables *Destination Dixie* reveals that heritage tourism in the South is about more than just marketing destinations and filling hotel rooms it cuts to the heart of how southerners seek to shape their identity and image for a broader touring public now often made up of northerners and southerners alike **The Heritage of Cain** Isabel Ostrander, 1916 *Children, Young People and Dark Tourism* Mary Margaret Kerr, Philip R Stone, Rebecca H. Price, 2022-08-31 This book is the first its kind to offer an innovative examination of the intersecting influences contexts and challenges within the field of children s dark tourism It also outlines novel conceptualizations and methods for scholarship in this overlooked field Presently tourism research and in dark tourism specifically relies primarily on adult centered theories and data collection methods However these approaches are inadequate for understanding and developing children s experiences and perspectives This book seeks to inform and inspire research on children s experiences of dark tourism Designed to appeal to students and scholars it brings together insights from leading experts The book focuses on five themes to explore the conceptual and historic origins of children s dark tourism developmental contexts child perspectives specific contexts relevant to children s encounters and methodological approaches This book is aimed at an international array of scholars and students with inherent research interests in the contemporary commodification of death and difficult heritage within the visitor economy Thus the book will provide a multi disciplinary scope within the fields of history heritage studies childhood studies psychology education sociology human geography and tourism studies The volume is primarily intended for undergraduate and postgraduate study as well as scholars and tourism professionals *So Dark a Heritage* Frank Belknap

Long,1966 *The Routledge Handbook of Language and Superdiversity* Angela Creese,Adrian Blackledge,2018-02-21 The Routledge Handbook of Language and Superdiversity provides an accessible and authoritative overview of this growing area the linguistic analysis of interaction in superdiverse cities Developed as a descriptive term to account for the increasingly stratified processes and effects of migration in Western Europe superdiversity has the potential to contribute to an enhanced understanding of mobility complexity and change with theoretical practical global and methodological reach With seven sections edited by leading names the handbook includes 35 state of the art chapters from international authorities The handbook adopts a truly interdisciplinary approach covering Cultural heritage Sport Law Education Business and entrepreneurship The result is a truly comprehensive account of how people live work and communicate in superdiverse spaces This volume is key reading for all those engaged in the study and research of Language and Superdiversity within Applied Linguistics Linguistic Anthropology and related areas **Untangling a Red, White, and Black Heritage** Darnella Davis,2018-11 Examining the legacy of racial mixing in Indian Territory through the land and lives of two families one of Cherokee Freedman descent and one of Muscogee Creek heritage Darnella Davis s memoir writes a new chapter in the history of racial mixing on the frontier It is the only book length account of the intersections between the three races in Indian Territory and Oklahoma written from the perspective of a tribal person and a freedman The histories of these families along with the starkly different federal policies that molded their destinies offer a powerful corrective to the historical narrative From the Allotment Period to the present their claims of racial identity and land in Oklahoma reveal inequalities that still fester more than one hundred years later Davis offers a provocative opportunity to unpack our current racial discourse and ask ourselves Who are we really *Landscapes of Difficult Heritage* Gustav Wollentz,2020-11-21 This book studies how people negotiate difficult heritage within their everyday lives focusing on memory belonging and identity The starting point for the examination is that temporalities lie at the core of understanding this negotiation and that the connection between temporalities and difficult heritage remains poorly understood and theorized in previous research In order to fully explore the temporalities of difficult heritage the book investigates places in which the incident of violence originated within different time periods It examines one example of modern violence Mostar in Bosnia and Herzegovina one example of where the associated incident occurred during medieval times the Gazimestan monument in Kosovo and one example of prehistoric violence Sandby borg in Sweden The book presents new theoretical perspectives and provides suggestions for developing sites of difficult heritage and will thus be relevant for academic researchers students and heritage professionals **The Inalienable Heritage and Other Poems** Emily Lawless,1914 *Heritage in Action* Helaine Silverman,Emma Waterton,Steve Watson,2016-11-10 In this textbook we see heritage in action in indigenous and vernacular communities in urban development and regeneration schemes in expressions of community in acts of nostalgia and memorialization and counteracts of forgetting in museums and other spaces of representation in tourism in the offices of

those making public policy and in the politics of identity and claims toward cultural property Whether renowned or local tangible or intangible the entire heritage enterprise at whatever scale is by now inextricably embedded in value The global context requires a sanguine approach to heritage in which the so called critical stance is not just theorized in a rarefied sphere of scholarly lexical gymnastics but practically engaged and seen to be doing things in the world *Cultural Diplomacy and International Cultural Relations: Volume I* Oliver Bennett, 2020-05-21 This book is the first in a dedicated series that explores questions of cultural diplomacy and international cultural relations Drawing on a broad range of disciplinary perspectives it throws new light on the function and operation of policies that seek to change attitudes values and behaviours across national boundaries and in diverse geocultural contexts The specific policies explored relate to ways in which sites of past violence and atrocity are deployed in strategies of soft power to the contribution of culture to EU enlargement to the use of the Russian language as a soft power resource to the singularities of the Indian cultural diplomacy to cultural diplomacy as elite legitimation to the role of diaspora relations in European cultural diplomacy to the use of film in post war cultural diplomacy and to the role assigned to culture in the Canada EU Comprehensive Economic Trade Agreement Scholars interested in how cultural and foreign policy intersect in widely differing national contexts will find this book an invaluable resource It was originally published as a special issue of the International Journal of Cultural Policy *The Darker Side of Travel* Richard Sharpley, Philip R. Stone, 2009-08-25 Over the last decade the concept of dark tourism has attracted growing academic interest and media attention Nevertheless perspectives on and understanding of dark tourism remain varied and theoretically fragile whilst to date no single book has attempted to draw together the conceptual themes and debates surrounding dark tourism to explore it within wider disciplinary contexts and to establish a more informed relationship between the theory and practice of dark tourism This book meets the undoubted need for such a volume by providing a contemporary and comprehensive analysis of dark tourism **The Bellbo heritage** Verner von Heidenstam, 1925 *Cultural Heritage* Adriana Campelo, Laura Reynolds, Adam Lindgreen, Michael Beverland, 2018-11-15 Cultural Heritage is a systematic interdisciplinary examination of cultural heritage which provides an up to date view of the field by drawing on various disciplines The book offers a thorough structured review of extant literature on heritage in tourism and pertinent challenges for cultural heritage This book offers new ways of looking at cultural heritage assets against a backdrop of increasing economic and environmental pressures It comprises a number of sections that each examine cultural heritage from the perspective of ethics and values community relations and development cultural entrepreneurship economic viability and conservation methodologies impacts of tourism research consumption and urban and immaterial heritage Encompassing global research perspectives from public management visual culture environmental management and cultural entrepreneurship Cultural Heritage is a crucial text for those working or interested in the heritage field
