**The Guardian of the Mystical Rosary** Adesoji Aderemi,2019-07-22 This book tries subtly to drop a hint in the mind of its readers that despite free will the gods might still be at play in the affairs of humans using their characters to influence them in this world of duality where opposing poleheads persistently struggle to dominate the environment While some cooperate wittingly to varying degrees somehow godlike some remain for the most part of it unwitting thus puppets whose passions are the control strings in the hands of the gods and the godlike Should one dare in philosophical imagination to think God gave birth to twins then this is replayed in Orisha who made the mystical Rosary for his twins Orishagbemi and Orishadami to solve humanity problems but who later fought after his transition like darkness and brightness a fight that caused the loss of the Rosary in the valley of crocodiles The fate of humanity will depend on which side repossesses this Rosary The descendants of these twins found expressions in two respective organizations At the apex of one is Bwallowwu immortal entity and the personal representative of Lucifer on earth The opposing side some members of an ancient religion for certain reasons is hiding and could hardly get organized into a credible force They engaged the service of a certain person in mask One finds reoccurring in the book this duality phenomenon like mystical allegories and proverbs Eventually Orisha that started it would end it in favour of the better side to be decided by humanity themselves
