that acing the TAAS Exit Level Math exam is very different from getting straight As in school TPR doesn't try to teach
students everything there is to know about math only what they'll need to know to score higher on this exam There's a big
difference In Cracking the TAAS Exit Level Math The Princeton Review will teach test takers how to think like the test
makers This is accomplished by teaching students how to Eliminate answer choices using Process of Elimination and other
techniques Use techniques such as Ballparking to save time and raise scores Improve scores by focusing on the material
most likely to appear on the test Test one's knowledge with review questions for each math concept covered Nail even the
toughest questions fractions word problems algebra geometry and more Dodge the traps and pitfalls that cost test takers
points This book includes 2 full length simulated Exit Level Math exams All of TPR's sample test questions are just like the
ones test takers see on the actual exams and every solution is fully explained Contents Include Part I Introduction About the
