Social And Psychological Factors In Stress:

Social and Psychological Factors in Stress Irwin Altman, United States. Air Force. Office of Scientific Research, University of Illinois at Urbana-Champaign, 1970 **Social and Psychological Factors in Human Stress** Joseph Edward McGrath, 1971 The report describes studies completed or in progress within all three phases of a program of research on social and psychological factors in human stress It lists six major substantive propositions and three key sets of methodological issues which were induced from integrative studies of Phase I These nine issues provide the guiding concepts for a set of six empirical and theoretical studies initiated in Phase II Each study is described in summary form Phase III focussed on a field test of a model of stress a reformulation of the model based on results of the field study and several further studies designed to test the reformulated model Author **Social and Psychological Factors in Stress** ,1970

Social and Psychological Factors in Stress Joseph Edward McGrath, 1970 *Social and Psychological Factors in Human Stress* Joseph E. McGrath, ILLINOIS UNIV URBANA DEPT OF PSYCHOLOGY., 1969 The interim report describes studies completed or in progress within Phase I and II of a three phase program of research on social and psychological factors in human stress It lists six major substantive propositions and three key sets of methodological issues which were induced from integrative studies of Phase I These nine issues provide the guiding concepts for a set of eight empirical and one theoretical studies initiated in Phase II Each study is described in summary form Author Social Stress Sol Levine, Norman A. Scotch, 2013-07-31 Physicians are not alone in their concern with stress Other professionals such as psychologists and social workers invoke stress to explain social pathology for example alcoholism suicide and drug abuse They are joined by additional individuals in implicating stress in the development of disease Indeed conventional wisdom has long noted that to worry be tense or take things hard is to increase one's vulnerability to disease Sol Levine and Norman A Scotch argue that whether the focus upon stress is in its origins and its management or upon its relationship to individual pathology and behavior it is necessary to appreciate its complexity and its various dimensions In particular they discuss and answer the following common questions To what extent do various work and organizational settings engender stress for various occupants To what degree does upward and downward social mobility create stress What are the effects of family disruptions death divorce or desertion upon the psychological state of the individual This book presents a clear and comprehensive picture of the phenomena encompassed within the conceptual rubric of stress and to explicate such specific levels or dimensions as the sources of stress its management and its consequences The contributors are top researchers from the fields of sociology anthropology psychology and medicine They include Sydney H Croog Edward Gross Barbara Snell Dohrenwend Bruce P Dohrenwend Richard S Lazarus Andrew Crider John Cassell E Gartly Jaco James E Teele Robert Scott and Alan Howard The work concludes with a statement by the editors summarizing the data and themes that are presented throughout the work This work should be read by all individuals In particular it will be invaluable for sociologists

psychologists and professional social scientists **Psychological Factors in Physical Education and Sport** Manuel Gómez-López, Marianna Alesi, Carla Maria Chicau Costa Borrego, 2022-02-21 **Human Stress and Stressors** Manjeet Kumar Chaturvedi, 1983 **Experiencing the Environment** Seymour Wapner, 2012-12-06 The purpose of this volume is to explore theory problem formulation and methodology in experiencing the environment In this embryonic field the writings of a number of individuals already stand out as representative of distinctive viewpoints In order to facilitate further development of the field a conference was proposed to gather in one place representatives of a number of major viewpoints with regard to the embryonic field of environmental psychology It was hoped that a colloquy among such representatives would facilitate a clarification of the similarities and differences between the various perspectives and might enable proponents of any given point of view to benefit from the insights of others with different orientations Hopefully it might also promote a greater articulation for this emerging field of inquiry With these ends in mind the sponsors of the conference asked the various prospective participants to present their theoretical positions and representative research illustrative of those positions Some of the perspectives represented at the conference emphasized the point that the construal of phenomena depends heavily on the values and needs of perceivers Implicit in this kind of position is the thesis that anyone who seeks to describe a complex happening is likely to shape it in terms of presuppositions biases etc that may not be shared by others **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1965 **Stress: Concepts, Cognition, Emotion, and Behavior** George Fink, 2016-03-10 Stress Concepts Cognition Emotion and Behavior Handbook in Stress Series Volume 1 examines stress and its management in the workplace and is targeted at scientific and clinical researchers in biomedicine psychology and some aspects of the social sciences The audience is appropriate faculty and graduate and undergraduate students interested in stress and its consequences The format allows access to specific self contained stress subsections without the need to purchase the whole nine volume Stress handbook series This makes the publication much more affordable than the previously published four volume Encyclopedia of Stress Elsevier 2007 in which stress subsections were arranged alphabetically and therefore required purchase of the whole work This feature will be of special significance for individual scientists and clinicians as well as laboratories In this first volume of the series the primary focus will be on general stress concepts as well as the areas of cognition emotion and behavior Offers chapters with impressive scope covering topics including the interactions between stress cognition emotion and behaviour Features articles carefully selected by eminent stress researchers and prepared by contributors representing outstanding scholarship in the field Includes rich illustrations with explanatory figures and tables Includes boxed call out sections that serve to explain key concepts and methods Allows access to specific self contained stress subsections without the need to purchase the whole nine volume Stress handbook series Inflammation in Psychiatry A. Halaris, B. E. Leonard, 2013-02-13 Psychoimmunology is a rapidly maturing area of scientific endeavor that provides a compelling integrative link between the immune system and

its response to stress and psychiatric illness Stress initiates pathological changes by activating the immune and endocrine systems Inflammation is at the core of the complex and interactive systems that both contribute to and result from psychopathology Consequently inflammation research advances our knowledge of the pathology of depression schizophrenia chronic fatigue syndrome posttraumatic stress disorder and a host of co morbid conditions notably diabetes cardiovascular disease and cerebrovascular disease The possible mechanisms underlying the bidirectionality of co morbid medical and psychiatric disorders can be viewed as a consequence of inflammatory changes These emerging novel concepts illustrate how the knowledge of inflammation can enable meaningful integration of psychopathology with physical co morbidity The innovative articles in this volume highlight the intricate link between psychiatry and psychoimmunology and underscore the central role of inflammation in furthering our understanding of the pathophysiology underlying mental health and illness

Perspectives on Environment and Behavior Daniel Stokols,2013-11-11 The inception of this volume can be traced to a series of Environmental Psychology Colloquia presented at the University of California Irvine during the spring of 1974 These colloquia were held in conjunction with Social Ecology 252 a graduate seminar on Man and the Environment Although the eight colloquia covered a wide range of topics and exemplified a diversity of research techniques they seemed to converge on some common theoretical and methodological assumptions about the nature of environment behavioral research The apparent continuities among these colloquia suggested the utility of developing a manuscript that would provide a historical overview of research on environment and behavior a representation of its major concerns and an analysis of its conceptual and empirical trends Thus expanded versions of the initial presentations were integrated with a supplemental set of invited manuscripts to yield the present volume of original contributions by leading researchers in the areas of ecological and environmental psychology *Public Health Service Publication* ,1970 **Coping and Defending** Norma Haan,2013-09-11 Coping and Defending Processes of Self Environment Organization investigates coping and defending within the context of personal social psychology with emphasis on processes of self environment organization Topics range from ego and stress to personality theory family and child rearing Comprised of 13 chapters this book begins with a discussion on theories and conceptualizations of ego paying particular attention to its logical constraints as state the neomechanical personal man rational choice and continuity and discontinuity in states Subsequent chapters explore coping defense and fragmentation as ego processes immanent value in personality theory problems and perspectives in investigating ego processes and the interregulation between structures and ego processes The next section is largely devoted to empirically based findings concerning the development of ego processing the link between stress and processing and processing in families The final chapter describes research aimed at developing and improving coping and defense scales based on personality inventories This monograph will be of interest to developmentalists cognitivists personologists clinicians and social psychologists as well as sociologists and perhaps anthropologists **Job Stress** John M Ivancevich,Daniel C

Ganster,2014-02-04 Leading theorists and researchers explore the concept of stress in this relevant and well timed volume Physicians psychologists sociologists and social psychologists who have been engaged in stress related projects offer exciting and practical suggestions for applying organizational behavior management principles to the problem of stress They share timely discussions on the causes and implications of job stress which affects all levels of employees in business and industrial settings This stimulating volume addresses the major theoretical perspectives and interpretations of job stress from the diverse fields of medicine clinical psychology engineering psychology and organizational psychology and proposes stress measurement and stress management interventions A fascinating review of the empirical research on stress indicates the present state of study on the subject and emphasizes the need for more applied research using OBM principles There is currently a great deal of disagreement about the meaning of job stress its effects on people and organizations and strategies for coping with the phenomenon The effects of stress on individuals and organizations are thoroughly explored in this timely volume

Psychology Michael W. Eysenck,2004 Unlike typical American texts this book provides an international approach to introductory psychology providing comprehensive and lively coverage of current research from a global perspective including the UK Germany Scandinavia Holland Australia and Canada as well as the USA Coping and Adaptation George V. Coelho,1970

Cry Wolf S. Breznitz,2013-05-13 Published in the year 1984 Cry Wolf is a valuable contribution to the field of Developmental Psychology Stress and the Brain Steven E. Hyman,2013-10-23 First published in 2002 This is Volume 9 of a collection of ten works on the science of mental health This volume in the series focuses on issues related to stress and the brain Although stress affects many other aspects of physiology they are beyond the scope of this volume The volume begins with a seminal work by Selye describing the stress response an adaptive response that permits an organism not only to survive but also to cope with the stressor
