Laura, Adrian F. Ashman, 2018-09-03 First published in 1985 Despite the vast number of books available on mental handicap there had been little published about moral philosophical or ethical issues Yet such issues must be faced and indeed answered either explicitly or implicitly before any system of education or care for mentally handicapped people can be put into practice This book reviews a number of issues in this field Key topics addressed include respect for retarded people the notion of equal rights terminating the lives of severely handicapped infants and genetic engineering With the current emphasis on recognising the rights and needs of the handicapped as individuals this book should represent an important review and be of interest to all concerned with mentally handicapped people The Psychological and Social Impact of Disability Robert P. Marinelli, 1999 Marinelli and Dell Orto continue the premise of their earlier editions of this widely adopted text and present a realistic perspective on disability Carefully selected articles and personal narratives capture the unique aspects of the psychological and social effects of disability Formatted to include thought provoking study questions and disability awareness exercises this text is recommended for students in rehabilitation counseling and physical therapy education programs as well as professionals in rehabilitation psychology and social work *The Psychological and Social Impact of Illness and Disability* Arthur E.
